1. Overview of FHA Single Family Mortgage Insurance Programs

Introduction	This topic contains an overview of the FHA single family mortgage insurance programs. It includes information on
---------------------	--

- the purpose of FHA single family mortgage insurance programs
 - what FHA will and will not insure
 - enabling legislation for FHA's mortgage insurance programs
 - mortgage insurance funds
 - the Direct Endorsement (DE) Program, and
 - FHA insurance program documentation and education.
-

Change Date	May 10, 2009
--------------------	--------------

4155.2 1.A.1.a Purpose of FHA Mortgage Insurance Programs	The Federal Housing Administration (FHA) offers various mortgage insurance programs, under which they insure approved lenders against losses on mortgage loans. FHA-insured mortgages may be used to purchase homes, improve homes, and to refinance existing mortgages.

4155.2 1.A.1.b What FHA Will and Will Not Insure

FHA's programs differ from one another primarily in terms of what types of properties and financing are eligible. Except as otherwise stated in this handbook, FHA's single family programs are limited to one to four unit properties that are owner-occupied principal residences only. FHA insures mortgages on properties that consist of

- detached or semi-detached dwellings
- townhouses or row houses, or
- individual units with FHA-approved condominium projects.

FHA will *not* insure mortgages on

- commercial enterprises
- boarding houses
- hotels and motels
- tourist houses
- private clubs
- bed and breakfast establishments, or
- fraternity and sorority houses.

4155.2 1.A.1.c Enabling Legislation for FHA's Single Family Programs

All of the FHA's single family programs are authorized by the enabling legislation of Title II of the National Housing Act, and each program is generally referred to by its particular section of the Act (for example, Section 203(b), (the basic program), Section 251 (Adjustable Rate Mortgages (ARMs)), Section 234(c) Condominiums, etc.).

The regulations implementing the individual programs are contained in the Code of Federal Regulations (CFR), Title 24. The CFR codifies the general and permanent rules of the Department of Housing and Urban Development (HUD) and is updated by publishing changes to regulations in the Federal Register.

Reference: For information on specific mortgage insurance programs, see [HUD 4155.2 1.C.](#)

4155.2 1.A.1.d Mortgage Insurance Funds

In addition to the particular section of the National Housing Act that authorizes each single family mortgage insurance program, various characteristics of each program will reflect the particular insurance fund under which the program is insured.

The table below lists the three mortgage insurance funds and a description of the programs covered by each fund.

Mortgage Insurance Fund	Description
Mutual Mortgage Insurance (MMI) Fund	The MMI fund covers most programs, including most of the programs authorized under Section 203(b).
General Insurance (GI) Fund	The GI fund covers, among other programs, Section 203(k) and condominiums under Section 234(c).
Special Risk Insurance (SRI) Fund	The SRI fund covers Section 223(e) and several others.

4155.2 1.A.1.e Direct Endorsement Program

Under FHA's DE program, approved lenders may underwrite and close mortgage loans without prior FHA review or approval. This includes all aspects of the mortgage loan application, the property analysis, and borrower underwriting.

Note: This assumes that the lender is a DE lender with unconditional approval. If the lender has only "conditional" FHA approval, and is in the Pre-Closing Review phase, then the lender must submit the loan to FHA for approval *prior* to closing the loan.

All FHA programs described in this handbook are eligible for DE processing *except*

- the Section 203(n), Single Family Cooperative program
- the Section 233, Mortgage Insurance for Experimental Housing program, and
- mortgage loans for HUD employees, with the exception of streamline refinances.

4155.2 1.A.1.f FHA Insurance Program Documentation and Education

HUD Handbooks and Mortgagee Letters provide detailed processing instructions and advise the mortgage industry of major changes to FHA programs and procedures. Additionally, the Home Ownership Centers (HOCs)

- issue Circular Letters
- conduct seminars
- lead industry meetings
- distribute other program information, and
- maintain online reference guides.

3. Restrictions on the Use of Non FHA-Approved Mortgage Brokers

Introduction

This topic contains information on the restrictions on the use of non FHA-approved mortgage brokers, including

- the FHA policy requiring the use of an FHA-approved lender or broker for loan origination
 - RESPA prohibition of duplicative fees
 - specific loan origination functions and services that must be provided by an FHA-approved lender or broker, and
 - services that may be provided by a non FHA-approved broker.
-

Change Date

May 10, 2009

4155.2 1.A.3.a FHA Policy Requiring the Use of an FHA Approved Lender or Broker for Loan Origination

FHA loan origination services *must* be performed by either a

- FHA-approved lender, or
- FHA-approved mortgage broker (loan correspondent).

An FHA-approved loan correspondent may be compensated for the actual loan origination services it performs either directly by the consumer or indirectly by the FHA-approved lender without being in violation of either the Real Estate Settlement Procedures Act (RESPA) statute and regulations or FHA regulations.

Note: While FHA regulations permit a borrower to engage a broker who is not FHA-approved to assist him/her in obtaining mortgage financing, the loan origination services may not be performed by that broker and the FHA-approved lender may *not* compensate the broker for such services.

Reference: For information on FHA's policy on a broker assisting a borrower in obtaining a mortgage, see [24 CFR 203.27\(e\)](#).

4155.2 1.A.3.b RESPA Prohibition of Duplicative Fees

Under no circumstances may a borrower be charged a fee that is not commensurate with the amount normally charged for similar services.

RESPA prohibits the payment of duplicative fees. The payment to an unapproved broker for duplicated services amounts to an unearned fee in violation of Section 8(b) of RESPA. Further, this payment may also act as a disguised referral fee for steering the borrower to the FHA-approved lender or loan correspondent, which is in violation of section 8(a) of RESPA.

Provided by an
FHA Approved
Lender or
Broker**

FHA requires that the following particular origination functions and services be performed by an FHA-approved lender or loan correspondent:

- taking information from the borrower and filling out the loan application
- collecting financial information (tax returns, bank statements) and other related documents that are part of the application process
- initiating/ordering Verifications of Employment and Deposit
- initiating/ordering request for mortgage and other loan verifications
- initiating/ordering appraisals
- initiating/ordering inspections or engineering reports
- providing disclosures (truth in lending, good faith estimate and others) to the borrower(s)
- maintaining regular contact with the borrower, real estate professional, and lender between loan application and closing to apprise them of the status of the application and gather any additional information needed
- ordering legal documents, and
- determining whether the property is in a flood zone or ordering such service.

Services That
May Be
Provided by a
Non FHA
Approved
Broker**

Services that are considered counseling in nature (such as educating prospective borrowers in the home buying and financing process, advising the borrower about different types of loan products available, and demonstrating how closing costs and monthly payment could vary under each product), may be performed by a non FHA-approved broker so long as the services provided constitute meaningful counseling, and not steering.

Under RESPA, when “counseling type” services are performed, HUD also looks at whether

- counseling gave the borrower the opportunity to consider products from at least three different lenders
- the entity performing the counseling would receive the same compensation regardless of which lender’s product were ultimately selected, and
- any payment made for the “counseling type” services is reasonably related to the services performed.

Note: In these instances,

- the fee charged must be paid from the mortgagor’s own available assets and must be disclosed on the HUD-1 at closing, and
 - a copy of the contract for these services must be included in the loan file submitted for insurance endorsement.

4155.2 1.B.2.b Prohibited Practices in Making Loans

When making loans or providing other financial assistance, a lender is prohibited from discriminating against individuals by

- failing or refusing to provide information regarding
 - the availability of loans or other financial assistance
 - the application requirements, procedures or standards for review and approval of loans or financial assistance, or
 - providing information that is
 - inaccurate, or
 - different from that provided to others because of race, color, religion, sex, disability, familial status, or national origin.
-

4155.2 1.B.2.c Prohibited Practices in Loan Terms & Conditions and Availability

It is unlawful for a lender to discriminate against an individual because of race, color, religion, sex, disability, familial status, or national origin by using different policies, practices, or procedures to

- evaluate or determine the creditworthiness of any person in connection with a loan or other financial assistance secured by residential real estate
 - determine the type of loan or other financial assistance to be provided, or
 - determine the loan amount, interest rate, duration or other terms for the loan or other financial assistance.
-

4155.2 1.B.2.d Prohibited Practices in the Selling, Brokering, or Appraising of Real Estate

It is unlawful for any person or entity whose business includes engaging in the selling, brokering, or appraising of residential real property to discriminate in making available such services, or in the performance of such services, because of race, color, religion, sex, handicap, familial status, or national origin.

4. Fair Credit Reporting Act (FCRA)

Introduction	This topic contains information on the Fair Credit Reporting Act (FCRA) including
---------------------	---

- the purpose of the FCRA, and
 - lender requirements when taking adverse action against a borrower.
-

Change Date	May 10, 2009
--------------------	--------------

4155.2 1.B.4.a Purpose of the FCRA	The Fair Credit Reporting Act is intended to control collection and dissemination of information about granting credit to a borrower.
---	---

The FCRA is designed primarily to ensure that consumer reporting agencies exercise fairness, confidentiality, and accuracy in preparing and disclosing credit information.

4155.2 1.B.4.b Lender Requirements When Taking Adverse Action Against a Borrower	As required under the FCRA, if a lender takes adverse action that is based in whole or in part on a credit report, the lender must disclose to the borrower the name, address, and, if available, the telephone number of the credit reporting agency issuing the report. Additionally, the notice must
---	---

- be provided at the time of notice of mortgage rejection, or within a reasonable time thereafter, and
- indicate that the borrower is entitled to request from the credit reporting agency information reported to the lender that was used as a reason for rejection.

Note: A copy of any such notice should be retained in the application file.

5. Equal Credit Opportunity Act (ECOA)

Introduction This topic contains information on the Equal Credit Opportunity Act (ECOA), including

- the requirements of the ECOA and Regulation B
 - lender restrictions per the ECOA, and
 - Regulation B requirements for borrower notification of action taken
 - Regulation B time limit for borrower notification, and
 - requirements for rejected loans.
-

Change Date May 10, 2009

**4155.2 1.B.5.a
Requirements
of the ECOA
and Regulation
B**

The Equal Credit Opportunity Act (ECOA) prohibits discrimination in the extension of credit either

- on the basis of race, color, religion, national origin, sex, marital status, or age
- because all or part of the borrower's income derives from public assistance, or
- because the borrower has, in good faith, exercised any right under the Consumer Credit Protection Act.

The ECOA and Regulation B of the Board of Governors of the Federal Reserve System outline rules to be observed in evaluating the creditworthiness of borrowers.

Under *no* circumstances can the source of confidential credit information be disclosed to third parties, except as required by law.

5. Equal Credit Opportunity Act (ECOA), Continued

4155.2 1.B.5.b Lender Restrictions per the ECOA

The ECOA prohibits a lender from

- making any oral or written statement, in advertising or otherwise, to borrowers or prospective borrowers that would discourage on a prohibited basis a reasonable person from making or pursuing an application
- inquiring whether income stated in an application is derived from alimony, child support, or separate maintenance payments, *unless* the creditor discloses to the borrower that such income need not be revealed if the borrower does not want the lender to consider it in determining the borrower's creditworthiness
- inquiring about the sex, race, color, religion, or national origin of an applicant (except as provided in [12 CFR 202.13](#) regarding information for monitoring purposes), or
- inquiring about birth control practices, or intentions concerning the bearing and rearing of children, or capability to bear them.

4155.2 1.B.5.c Regulation B Requirement for Borrower Notification of Action Taken

Regulation B requires that a borrower be notified of action taken by the creditor. Actions taken by HUD or the DE lender include

- issuing a Firm Commitment or DE approval
- rejecting the borrower for mortgage credit reasons, and
- notifying the borrower of the lender's inability to process the application because certain items are incomplete or were not submitted.

4155.2 1.B.5.d Regulation B Time Limit for Borrower Notification

Under Regulation B, the maximum time limit for borrower notification is 30 days after the date the DE underwriter receives of the application, or the resubmission or reconsideration of an application. Under *no* circumstances is the processing of an application to be delayed to such an extent that notification cannot be provided within this time limit.

For purposes of complying with the notification requirements of Regulation B, resubmissions and reconsiderations are considered new applications.

5. Equal Credit Opportunity Act (ECOA), Continued

4155.2 1.B.5.e Requirements for Rejected Loans

Under Regulation B, for loans that are rejected, the lender must

- complete a rejection notice that
 - provides all of the specific reasons for the rejection and any counter proposals to effectuate loan approval (such as a reduced mortgage amount), and
 - otherwise complies with the requirements of Regulation B, and
- retain case binders on the rejected loans for 26 months from the date the application is
 - received by the DE underwriter, or
 - rejected by the appropriate HOC.

Notes:

- Delinquent accounts need not be listed in the rejection notice.
 - At least one credit aspect must be rejected before an overall rejection can be issued.

4155.2 1.C.5.b Description of Streamline 203 (k)

FHA's Streamlined 203(k) program permits borrowers to

- finance up to an additional \$35,000 into their mortgage to improve or upgrade their home before move-in, and
- quickly and easily tap into cash to pay for property repairs or improvements, such as those identified by a home inspector or FHA appraiser.

Note: Unlike the standard 203(k) program, any FHA-approved lender may originate a Streamlined 203(k) mortgage.

Reference: For additional information on the Streamlined 203(k) program, see [ML 2005-50](#), *Enhancements to "Streamlined (k)" Limited Repair Program*.

4155.2 1.C.5.c Section 203(k) Eligible Improvements

Section 203(k) eligible improvements include items such as

4155.2 1.C.5.d Section 203(k) Eligibility for Insurance Before Rehabilitation Begins

A Section 203(k) mortgage is eligible for insurance *before* rehabilitation begins provided that the mortgage proceeds allocated for the rehabilitation

- go into a Rehabilitation Escrow Account at closing, and
- will be disbursed as work progresses.

4155.2 1.C.5.e 203(k) Cases Requiring Two Appraisals (not required on streamline (k))

In some cases, a Section 203(k) mortgage requires two appraisals (not applicable on Streamline (k)) as follows:

- one on the “as is” value of the property, and
- a second on the estimated market value when the work is complete.

Note: Appraisal is made subject to completion of the proposed repairs and/or improvement.

4155.2 1.C.5.f Section 203(k) Collection of a Supplemental Origination Fee

When the Section 203(k) mortgage involves insurance of advances and partial disbursements of the Rehabilitation Escrow Account, the lender may collect from the borrower a supplemental origination fee which

- compensates the lender for the additional cost of disbursements and inspections of the work, and
- is limited to whichever is *greater* of either
 - 1.5 percent of the portion of the mortgage allocated to rehabilitation, or
 - \$350.

4155.2 1.C.5.g Required Section 203(k) Documentation

The 203(k) mortgage application package must include

- drawings and specifications of the proposed improvements (not applicable on Streamline (k))
- the rehabilitation cost estimate, and
- a work write-up that shows that, when the property is completed, it will meet FHA’s minimum property standards or, if more stringent, the local codes (not applicable on Streamline (k)).

4155.2 1.C.13.a Description of a Section 245(a) GPM

The Section 245(a) Graduated Payment Mortgage (GPM) program insures lenders against loss on a mortgage loan that involves graduated mortgage payments. The program facilitates early home ownership for households that expect their income to rise. Initially, monthly payments are smaller than payments in a level-payment mortgage, and gradually increase over time.

Five plans are available, varying in duration and rate of payment increase. Higher down payments are required under some plans. Mortgages are insured under Section 203(b) or 234(c), pursuant to Section 245(a). The requirements of the applicable section must be met.

Refinancing
Policy

Section 245(a) *cannot* be used

- to draw equity out of property owned by the borrower, or
- when the present financing does not contain a mandatory prepayment clause.

Refinancing an existing mortgage is *only* permitted when the

- owner is required to pay-in-full a conventional mortgage used to purchase a home and the mortgage required a balloon payment within 3 to 5 years
- borrower has contracted to have a home built and, when construction is complete, the construction loan must be paid-in-full, or
- borrower purchased a home on a land contract or contract for deed.

Borrowers with a GPM *may* refinance at any time to a level-payment mortgage

- if the borrower is eligible for a streamline refinance, without an appraisal, or
- if the unpaid balance, including negative amortization, does not exceed the appropriate LTV ratio, based on a new appraisal.

Section 247
Borrower
Eligibility
Policy

Borrower eligibility under Section 247 is limited to owner-occupants who are certified as native Hawaiians.

The term “native Hawaiian,” as used for mortgages to be insured under Section 247, is defined as “...*any descendant of not less than one-half part of the blood of the races inhabiting the Hawaiian islands before January 1, 1778, or, in the case of an individual who is awarded an interest in a lease of Hawaiian home lands through transfer or succession, such lower percentage as may be established under section 208 or section 209 of the Hawaiian Homes Commission Act of 1920 (42 Stat. 111), or under the corresponding provision of the Constitution of the State of Hawaii...*”

Additionally, Section 215 of the Department of Veteran Affairs (VA), HUD, and Independent Agencies Appropriations Act of 2002 also added subsection (e) to section 247, which provides that possession of a lease issued under section 207(a) of the Hawaiian Homes Commission Act of 1920 is sufficient to certify eligibility for a mortgage to be insured under section 247.

Note: Eligibility requires a certificate of eligibility issued by the Department of Hawaiian Home Lands.

4155.2 1.C.14.c
Submitting a
Request for
Certificate of
Eligibility on a
Section 247
Mortgage

The Department of Hawaiian Home Lands (DHHL) has prepared a form, entitled “Request for Certification of Eligibility,” on which DHHL will certify that the native Hawaiian possesses a homestead lease in good standing (not cancelled or in default).

The lender or processing agency must complete the DHHL form and submit it directly to DHHL for completion. DHHL will issue the completed form to the lender who must keep it in the case file.

Note: DHHL is solely responsible for determining eligibility for a “Certificate of Eligibility” and its subsequent issuance.

4155.2 1.C.14.d Obtaining a Copy of the Homestead Lease Issued by DHHL for a Section 247 Mortgage

The lender must obtain a copy of the homestead lease issued by DHHL that identifies the proposed mortgagor as the lessee. This must be either

- an original homestead lease issued to the proposed mortgagor, or
- an original homestead lease, along with documentation showing succession or assignment of the homestead lease to the mortgagor and DHHL's consent to each and every transfer of the homestead lease.

Any amendments to the original homestead lease must be included as part of the documentation. All homestead lease documents must bear evidence of having been recorded at the DHHL.

4155.2 1.C.14.e Summary of Required Loan Documents Unique to the Section 247 Program

The loan documents unique to the Section 247 program that must be collected by the lender to establish the borrower's eligibility and included in the insurance binder submitted to FHA are as follows:

- DHHL Certification of native Hawaiian eligibility and status of the homestead lease used as security
 - Homestead lease issued by DHHL and any amendments and assignments of the homestead lease, with DHHL's Consent to each amendment or assignment
 - DHHL Mortgage Insurance Program Rider
 - Department of Hawaiian Home Land Mortgage form, and
 - DHHL Consent to Mortgage.

4155.2 1.D.5.b New Borrower Using an Existing Appraisal

If a case number transfer involves a new borrower using an existing appraisal, the new lender

- collects an appraisal fee from the new borrower, and
 - sends the fee to the original lender, who, in turn, refunds the fee to the original borrower.
-

4155.2 1.D.5.c Case Number Transfer Involving a Rejected Loan

If the transfer involves a rejected loan, the original lender must complete the Mortgage Credit Reject function in FHA Connection prior to transferring the loan.

Reference: For more information on the FHA Connection, see [HUD 4155.2 1.D.2.](#)

4155.2 1.D.5.d Case Number Transfer Involving a MAR

If a case number transfer involves a Form [HUD 91322.1](#), *Master Appraisal Report (MAR)*, the transferring lender is only entitled to a pro-rata share of the cost of the MAR.

While a lender may have provided resources to obtain the MAR in anticipation of capturing most if not all of the individual mortgage loans, it may not deny an appraisal assignment request to a borrower who wishes to use an alternative mortgage lender.

Example: If the MAR is for 100 units at a cost of \$10,000, the new lender pays the transferring lender \$100.

4155.2 2.A.2.b Quality Control Plan

In order to qualify for basic FHA approval, a mortgage lender must

- implement a written Quality Control Plan that
 - ensures compliance with the rules, regulations, and other FHA issuances regarding mortgage loan origination and servicing, and
 - is independent of the mortgage loan production function, and
- review and, when necessary, modify existing Quality Control Plans to effectively evaluate and monitor the overall quality of mortgage loans submitted for DE.

Note: Quality Control Plans do *not* have to name the FHA or the DE Program.

4155.2 2.A.2.d Use of Mortgage Lender Staff Appraiser and Inspector

The mortgage lender may use its own staff appraiser and inspector to perform appraisals and inspections, except as noted in [HUD 4155.2 2.A.2.f](#). The table below outlines the requirements for staff appraisers and inspectors.

Role	Requirement
Appraiser	Staff appraisers must be registered on FHA Roster of Appraisers to perform appraisals for FHA loans. Reference: For information on the FHA Roster of Inspectors, see HUD 4150.2 , <i>Valuation Analysis for Single Family One to Four Unit Dwellings</i> .
Inspector	Staff inspectors must be registered on FHA Roster of Inspectors to perform inspections for FHA loans. Reference: For information on the FHA Roster of Inspectors, see HUD 4145.1 , <i>Architectural Processing and Inspections for Home Mortgage Insurance</i> .

4155.2 2.A.2.e Use of Mortgage Lender Staff Underwriter

On the same mortgage, a DE underwriter may perform the mortgage credit analysis of the borrower in addition to the full underwriting analysis of the application for the mortgage loan.

When a DE underwriter is also an appraiser on the FHA roster, that underwriter may not perform an appraisal of the property that is to be security for the mortgage loan if that underwriter will perform the mortgage credit analysis of the borrower and/or the full underwriting analysis of the application.

Requirement to
Register
Underwriter in
FHA
Connection**

The mortgage lender must register each underwriter in FHA Connection.

By registering the underwriter in FHA Connection, the mortgage lender certifies that the underwriter meets the necessary qualifications, as described in [HUD 4155.2 2.A.4.a](#).

Reference: For more information on FHA Connection, see [HUD 4155.2 1.D](#).

**4155.2 2.A.3.d
Use of an AUS**

Mortgage lenders may use an Automated Underwriting System (AUS) that employs the FHA Technology Open To Approved Lenders (TOTAL) mortgage scorecard.

These systems evaluate loan application elements, including information on the applicant's

- income
- credit history
- cash reserves, and
- mortgage loan.

AUS data is used to provide an underwriting recommendation that either the

- borrower credit and capacity are acceptable, or
- loan application must be referred to an individual underwriter.

Important: An AUS does *not* evaluate property acceptability; for this, an individual underwriter must review the appraisal.

Lender
Approval
Status**

A mortgage lender that loses all of its registered DE underwriters automatically loses DE approval and must set up an authorized agent relationship or cease doing FHA loans. Mortgage lenders are to notify FHA whenever there is a change that affects the DE approval status.

If a mortgage lender hires a registered DE underwriter who was previously employed with another mortgage lender, a 15 case pre closing review is required. FHA grants DE authority to the mortgage lender, *not* the underwriter.

Stage	Description
5	Once the lender properly completes the required test cases, FHA grants unconditional approval.
6	After granting unconditional approval to a mortgage lender, the HOC performs a post-technical review (PETR) on the first 30 cases submitted by the lender to ensure continued acceptable underwriting. <i>Reference:</i> For more information on PETRs performed by the HOC, see HUD 4155.2 9.B.1.

Completion and
Submission
Instructions for
the
Underwriter
Certification**

Because the lender should submit the application package prior to closing the mortgage loan, the Underwriter/Mortgagee Certification (Addendum to the URLA, Form [HUD-92900-A](#)) cannot be fully executed. During the pre-closing review phase, the lender should

- complete all information on the Underwriter/Mortgagee Certification form with the exception of the closing date
 - *not* sign the certification, since the underwriter cannot make the closing certifications contained on the Addendum to the URLA, Form HUD-92900-A. The form must be signed by lender, and page 3 of HUD 92900-A must be signed by DE underwriter
 - *not* have the mortgage lender's representative sign the certification, and
 - submit Page 4 of the Underwriter/Mortgagee Certification (Addendum to URLA) with the closing documents.

**4155.2 2.B.3.c
HOC
Application
Review
Requirements**

During the pre closing review phase, the HOC must review, in detail, each loan application received from the mortgage lender. This review includes

- the property appraisal
- value determination
- the mortgage credit analysis, and
- ensuring lender compliance with any requirements specific to the mortgage insurance program.

If the application is eligible, a firm commitment is issued to the mortgage lender.

Note: Any deficiencies will be noted on the Underwriting Report, regardless of whether or not a firm commitment is issued, and should be reviewed by the DE underwriter/lender. The Underwriting Report is available through the FHAC.

**4155.2 2.B.3.d
15 Test Case
Review
Requirement**

In order to be granted unconditional approval as a DE lender (with the exception of HECM approval), the mortgage lender must submit 15 pre closing test cases for review by the HOC within 12 consecutive months for

- underwriting analysis
- appraisal review, and
- issuance of the firm commitment.

Unconditional approval may be granted if the lender has successfully underwritten and processed 15 test cases as evidenced by issuance of a firm commitment by the HOC.

**4155.2 2.B.3.e
When
Unacceptable
Underwriting Is
Demonstrated
on the 15 Test
Cases**

The HOC may request that more cases be submitted as part of the test period if the

- 15 test cases do *not* demonstrate acceptable underwriting, or
- first 15 cases do not represent expected underwriting situations (the HOC will count a combination of five streamline refinances or automated underwritten loans as part of the first 15 test cases).

Once the mortgage lender has submitted 30 cases and has not met the standards for unconditional release, the HOC may

- inform the lender that no test cases may be submitted for a period of up to 180 days to allow the lender time to train its underwriters on FHA requirements, and
 - discontinue accepting cases.

4155.2 2.B.4.c Requirements for the Addition of a New Underwriter

A new underwriter joining the staff of an unconditionally approved DE mortgage lender does *not* need to go through any pre-closing review phase.

In such cases, the mortgage lender is responsible for ensuring that the new underwriter

- meets basic eligibility requirements
- is registered for their company in FHA Connection, and
- does acceptable work.

4155.2 2.B.4.d Unconditional Approval Accepted by Other HOCs

Once a mortgage lender has successfully completed the pre-closing review phase and received unconditional approval in one HOC, subsequent HOCs will accept that approval. HOCs rely on the experience of other HOCs in determining lender eligibility.

HOCs may call to verify that a mortgage lender is performing acceptably with at least one HOC that has granted unconditional approval.

General Information on the Lender Insurance (LI) Program, Continued

4155.2 2.C.1.b Benefits of the LI Program

The LI Program reduces a lender's submission of case binders to FHA and the need to have FHA review the application for mortgage insurance before FHA endorsement of the mortgage for insurance. The need to submit case binders to satisfy Notices of Return (NORs) is also dramatically reduced.

In those instances in which FHA *does* require submission of a case binder, for lenders choosing to submit case binders electronically, all mailing costs associated with the mortgage insurance endorsement process are eliminated.

Reference: For more information in LI endorsement processing, see [HUD 4155.2 8.C.3](#).

4155.2 2.C.1.c Requirement for PETRs on Loans From LI Program Participants

Under the LI Program, despite the fact that lenders do not need to have an FHA pre-endorsement review of loans, FHA *does* select a sample of mortgages for post endorsement technical review (PETR).

Note: A lender may submit case binders for PETR in paper or electronic format.

 - duration of LI Program approval, and
 - termination of LI approval.
-

Change Date	May 10, 2009
--------------------	--------------

4155.2 2.C.2.a LI Program Eligibility Requirements	
---	--

	In order to be eligible to participate in the LI Program, a lender must
--	---

- be an unconditionally approved DE lender, and
- have an acceptable default and claim record, as described in [HUD 4155.2 2.C.2.b](#), for two years prior to its application for participation in the LI Program.

For DE lenders that underwrite as sponsors for FHA-approved loan correspondents, the default and claim rate is the aggregate of both retail originations and mortgages underwritten for their loan correspondents.

Lenders must agree to indemnify FHA under the conditions of Section 256(c) of the National Housing Act.

Note: LI eligibility is company-specific and not determined at the branch level.

Reference: For information on LI endorsement processing, see [HUD 4155.2 8.C.3](#).

2. Lender Insurance Program Eligibility & Approval Requirements, Continued

**4155.2 2.C.2.b
Acceptable
Claim/Default
Rate for LI
Lenders**

The acceptable claim/default rate is defined as at or below 150 percent of the national average. DE lenders that operate only in one state have the right to have a compare rate using FHA loans made in that state only rather than the national average.

**4155.2 2.C.2.c
LI Program
Approval
Requirements**

DE lenders wishing to participate in the LI Program must request approval. Access to the LI Program is conditioned upon the lender's certification, executed as an electronic acknowledgement through the FHA Connection, that it will comply with the LI Program's procedures and requirements.

Each lender must acknowledge, prior to participating, that it is eligible under the LI Program and will participate according to applicable regulations and other written instructions from FHA.

**4155.2 2.C.2.d
Duration of LI
Program
Approval**

Approval for the LI Program is effective for one year. At the end of the one-year period, the lender will be automatically checked by FHA's system of records. If the lender's claim/default performance continues to be acceptable and meets all other approval criteria for LI participation, the lender's approval will be renewed for another year.

**4155.2 2.C.2.e
Termination of
LI Approval**

A lender's approval to participate in the LI Program may be terminated when

- the lender fails to adopt and employ prudent review techniques
 - DE approval for the lender or any branch is terminated (termination of DE approval also results in LI termination for the lender or any branch), and/or
 - the lender fails to meet the eligibility criteria listed in

1. Maximum Loan Limits, Mortgage Amounts and Mortgage Term

Introduction

This topic contains information on maximum loan limits, mortgage amounts and mortgage terms, including

- the National Housing Act provisions on loan limits
 - basic nationwide loan limits
 - loan limits for high cost areas
 - appeals for higher loan limits
 - additional information on loan limit appeals
 - maximum LTV ratios, and
 - maximum mortgage terms.
-

Change Date

May 10, 2009

4155.2 3.A.1.a National Housing Act Provisions on Loan Limits

The statutory provisions of the National Housing Act establish the maximum loan limits and mortgage amounts for all FHA mortgage insurance programs. Maximum loan limits vary depending upon the

- specific program under which a loan is insured
- number of units with the dwelling (one to four units), and
- geographic location of the property.

Under most programs, the maximum insurable mortgage is the *lesser* of

- the statutory loan limit for the area, or
- a percentage of the *lesser* of the
 - appraised value, or
 - sales price.

Reference: For more information on calculating maximum mortgage amounts and maximum loan to value (LTV) ratios, see [HUD 4155.1 2.A.](#)

Continued on next page

1. Maximum Loan Limits, Mortgage Amounts and Mortgage Term, Continued

4155.2 3.A.1.b Basic Nationwide Loan Limits

FHA's single family mortgage limits are set by county and are tied to increases in the loan limits established by the Federal Home Loan Mortgage Corporation (Freddie Mac) in accordance with Section 203(b)(2)(A) of the National Housing Act, as amended by [12 United States Code \(U.S.C.\) 1709](#).

Under Section 203(b), the nationwide basic mortgage limits ("the floor") may not be less than 65 percent of the dollar amount limitation of Freddie Mac.

References: For more information on

- the specific loan limits for each county in the United States, Guam, and the Virgin Islands, see HUD's Web site at www.hud.gov, and
- calculating maximum mortgage amounts and maximum LTV ratios, see [HUD 4155.1 2.A](#).

4155.2 3.A.1.c Loan Limits for High Cost Areas

Section 203(b)(2)(A) of the National Housing Act states that mortgage limits in high cost areas ("the ceiling") may increase to 150 percent of the dollar amount limitation as described under Section 305(a)(2) of Freddie Mac for a residence of applicable size.

In these high cost areas, the loan limit is equal to the *lesser* of

- 115 percent of the area median house price, or
- the statutory ceiling for the high cost areas.

Section 214 of the National Housing Act provides that mortgage limits for Alaska, Hawaii, Guam, and the Virgin Islands may be adjusted up to 150 percent of the new FHA ceilings.

Continued on next page

1. Maximum Loan Limits, Mortgage Amounts and Mortgage Term, Continued

4155.2 3.A.1.d Appeals for Higher Loan Limits

Anyone may appeal for a higher loan limit for a

- county within a Metropolitan Statistical Area (MSA) or
- non-metro county not part of an MSA.

It should be noted, however, that legislation enacted in 1998 provided that the county with the highest median house price in an MSA determines the mortgage limits of all counties within that MSA. For this reason, any request for an increase must be accompanied by sufficient housing sales price data to justify higher limits. The sales price data submitted to support an increase must be a listing of all one-family properties sold in the area for a period of time that will vary depending on the volume of sales.

Note: FHA will *not* consider an appeal for an area smaller than a county.

4155.2 3.A.1.e Additional Information on Loan Limit Appeals

Contact the local Home Ownership Center (HOC) for additional information on appeals of FHA mortgage limits.

4155.2 3.A.1.f Maximum LTV Ratios

A mortgage that is to be insured by FHA cannot exceed a certain percentage of property value. The maximum LTV ratios vary depending upon the

- type of borrower
- type of transaction (purchase or refinance), and
- stage of construction.

References: For more information on

- maximum LTV ratios for purchase transactions, see [HUD 4155.1 2.A](#)
 - transactions that affect maximum mortgage calculations, see [HUD 4155.1 2.B](#), and

1. Maximum Loan Limits, Mortgage Amounts and Mortgage Term, Continued

4155.2 3.A.1.g Maximum Mortgage Terms

The maximum mortgage term may not exceed 30 years from the date that amortization begins. In the case of adjustable rate mortgages (ARMs), the term must be for 30 years. FHA does not require that loan terms be in five year multiples.

Note: Some programs require a shorter term, including certain streamline refinances made without appraisals.

Requirements
for Mortgage
Loans
Involving
Lender
Employees**

If a mortgage lender employee is the borrower or seller in a mortgage loan transaction

- the employee *cannot* be involved in processing the application
 - an independent, FHA appraiser, who is not affiliated with the mortgagee, must be used
 - if an inspection is involved, it must be performed by an FHA-approved fee inspector
 - the application should be processed by a different branch from the one at which the employee works, or by the mortgage lender's main office, and
 - the case must be clearly annotated with "Employment" on the [HUD-92900-LT](#), *FHA Loan Underwriting and Transmittal Summary*, and on the front of the case binder.

Section C. Mortgage Loan Application Documentation Requirements

Overview

In This Section This section contains the topics listed in the table below.

Topic	Topic Name	See Page
1	General Documentation Standards	3-C-2
2	Mortgage Loan Application Documentation Requirements	3-C-4
3	Mortgage Loan Application Document Processing	3-C-7

1. General Documentation Standards

Introduction	This topic contains information on the general documentation standards for mortgage loans, including
---------------------	--

- signing mortgage loan application forms
 - verification form authorization
 - establishing a borrower's financial position
 - using self-adhesive labels, and
 - signing in blank.
-

Change Date	May 10, 2009

4155.2 3.C.1.c Documentation of a Borrower's Financial Position

To get a complete picture of a borrower's financial position, the lender *must* ask the borrower, and document borrower responses, to questions regarding the

- source of funds for the transaction, and
- intended use of the property.

Note: The lender is also responsible for verifying, and documenting verification of, the borrower's identity.

4155.2 3.C.1.d Using Self Adhesive Labels

Lenders may use self adhesive signature labels for laser printed verifications. Each label must

- completely and clearly indicate its use, and
 - contain the Privacy Act notification.
-

4155.2 3.C.1.e Signing in Blank

Lenders may not ask borrowers to sign documents in blank, or on blank sheets of paper.

2. Mortgage Loan Application Documentation Requirements

Introduction	This topic contains information on the requirements for mortgage loan application documentation, including
---------------------	--

- who completes the loan application
 - loan application name requirements
 - contents of the loan application package
 - age of the loan application documentation
 - verifying the age of the loan application documentation
 - VOD and VOE authenticity
-

Change Date	May 10, 2009
--------------------	--------------

4155.2 3.C.2.a Who Completes the Mortgage Loan Application	All borrowers must complete the mortgage loan application and all additional FHA documents.
---	---

4155.2 3.C.2.b Mortgage Loan Application Name Requirements	<p>Except for nonprofit corporations that provide assistance to low and moderate income families, all mortgage loan applications <i>must</i> be in one or more individual's name.</p> <p>Mortgage loan applications from a corporation, partnership, sole proprietorship, or trust <i>must</i></p>

2. Mortgage Loan Application Documentation Requirements, Continued

**4155.2 3.C.2.c
Contents of the
Mortgage Loan
Application
Package**

The mortgage loan application package must contain all documentation that supports the lender's decision to approve the mortgage loan.

When standard documentation does not provide enough information to support the approval decision, the lender must provide additional, explanatory statements that are consistent with information in the application. The explanatory statements must clarify or supplement the documentation submitted by the borrower.

**4155.2 3.C.2.d
Age of the
Mortgage Loan
Application
Documentation**

At the time that the loan closes, all documents in the mortgage loan application may be up to 120 days old, or 180 days old for new construction, unless

- a different time frame is specified in this HUD handbook or in other applicable HUD instructions, or
- the nature of the documents is such that validity for underwriting purposes is not affected by the prescribed time frame, such as with
 - divorce decrees, or
 - tax returns.

If the age of documents exceeds the above limits, written verification of the documentation must be obtained as described in [HUD 4155.2 3.C.2.e](#).

2. Mortgage Loan Application Documentation Requirements, Continued

**4155.2 3.C.2.e
Written
Verification of
the Age of
Mortgage Loan
Application
Documents**

Updated, written verification of the mortgage loan application documentation must be obtained when the documents exceed the time frames described in [HUD 4155.2 3.C.2.d](#).

Verification forms, or documents used as an alternate to written verification forms, must pass directly between the lender and provider without being handled or transmitted by any third party or using any third party's equipment.

No document used to process or underwrite a loan may be handled or transmitted by or through an interested third party to the transaction.

**4155.2 3.C.2.f
VOD/VOE
Authenticity**

The Verification of Deposit (VOD) and Verification of Employment (VOE) may be faxed documents or printed pages from the Internet if they clearly identify the source, such as containing the names of the borrower's employer or depository/investment firm.

The lender *must* ascertain the authenticity of the documents by examining the information included in the document's header and footer. A printed Web page must show the

- uniform resource locator (URL) address, and
 - the date and time the document was printed.
-

**4155.2 3.C.2.g
Requirement to
Provide HUD-
92564-CN to
Borrower**

Lenders are required to provide form HUD-92564-CN, "*For Your Protection: Get a Home Inspection*" to borrowers at first contact, be it pre-qualification, pre-approval, or initial application. In any case, the lender must provide the form to the borrower *no later than* initial loan application.

A copy of the form in a PDF file format is available online at <http://www.hudclips.org>

3. Mortgage Loan Application Document Processing

Introduction	<p>This topic contains information on document processing of the mortgage loan application, including</p> <ul style="list-style-type: none">• signing and dating mortgage insurance applications• using a signed initial URLA and Addendum• who signs the Addendum, and• use of a power of attorney (POA) for loan application execution.

Use of a Power
of Attorney for
Mortgage Loan
Application
Execution

The *initial* mortgage loan application *may not* be executed by using a power of attorney, *except* in circumstances as indicated in the table below.

Note: Either the *initial* application or the final, if one is used, must contain the signatures of all borrowers.

Reference: For information on the use of a power of attorney for closing documents, see [HUD 4155.2 6.A.1.f.](#)

Permissible Use of a Power of Attorney for a Loan Application	Policy Description
Military personnel	A power of attorney may be used for military personnel on overseas duty or on an unaccompanied tour. The lender should obtain the service person's signature on the application by mail or fax machine.
Incapacitated borrowers	<p>A power of attorney may be used for incapacitated borrowers who are unable to sign the mortgage application.</p> <p>The lender must provide evidence that the signer has authority to purchase the property and to obligate the borrower. Acceptable evidence includes a durable power of attorney specifically designed to survive incapacity and avoid the need to court proceedings.</p> <p>The incapacitated individual must occupy the property to be insured, except on eligible investment property.</p> <p>Reference: For information on eligible investment properties, see HUD 4155.1 4.B.4.</p>

4155.2 4.1.b Lender Responsibility for Appraisers

The lender is equally responsible, along with the appraiser, for the quality, integrity, accuracy and thoroughness of the appraisal. The lender will be held accountable by HUD if the lender knew, or should have known, that there were problems with the integrity, accuracy and thoroughness of an appraisal submitted to FHA for mortgage insurance purposes. Lenders that submit appraisals to HUD that do not meet FHA requirements are subject to the imposition of sanctions by the HUD Mortgagee Review Board.

Note: This applies to both sponsor lenders that underwrite loans and loan correspondent lenders that originate loans on behalf of their sponsors.

4155.2 4.1.c Appraisal and Appraisal Management Company (AMC)/Third Party Organization Fees

FHA does not require the use of AMCs or other third party organizations for appraisal ordering, but recognizes that some lenders use AMCs and/or other third party organizations to help ensure appraiser independence.

FHA-approved lenders must ensure that

- FHA Appraisers are not prohibited by the lender, AMC or other third party, from recording the fee the appraiser was paid for the performance of the appraisal in the appraisal report
- FHA Roster appraisers are compensated at a rate that is customary and reasonable for appraisal services performed in the market area of the property being appraised
- the fee for the actual completion of an FHA appraisal may not include a fee for management of the appraisal process or any activity other than the performance of the appraisal
- any management fees charged by an AMC or other third party must be for actual services related to ordering, processing or reviewing of appraisals performed for FHA financing, and
- AMC and other third party fees must not exceed what is customary and reasonable for such services provided in the market area of the property being appraised.

4155.2 4.1.d Verification of Compliance With Property Requirements

As the on-site representative for the lender, the appraiser provides preliminary verification that a property meets the General Acceptability Standards, which include the Minimum Property Requirements (MPR) or Minimum Property Standards (MPS).

The table below outlines the requirements for FHA financing.

To be eligible for FHA financing ...	Must comply with HUD's Minimum Property Standards ...

manufactured homes	contained in HUD 4930.3G , <i>Permanent Foundations Guide for Manufactured Housing</i> .

4155.2 4.1.e Lender Responsibility for Determination of Property Eligibility and Accuracy of Appraised Value

Lenders are responsible for properly reviewing appraisals and determining if the appraised value used to determine the mortgage amount is accurate and adequately supports the value conclusion.

4155.2 4.1.g Property Eligibility for FHA Insurance

Only one to four unit properties, including a one family unit in a condominium project, are eligible for mortgage insurance, *except* for mortgage insured under Section 220 of the National Housing Act. The mortgage must be on real estate held

- in fee simple
- on leasehold under a lease for not less than 99 years which is renewable, or
- under a lease having a period of not less than 10 years to run beyond the maturity date of the mortgage.

For properties processed under the HECM program, the mortgage must be on real estate held

- in fee simple
- on leasehold under a lease for not less than 99 years which is renewable, or
- under a lease having a remaining period of not less than 50 years beyond the date of the 100th birthday of the youngest mortgagor.

4155.2 4.1.h Property Eligibility Under Section 223(e)

A mortgage may be insured pursuant to Section 223(e) for the repair, rehabilitation, construction, or purchase of properties in older, declining urban areas. Eligibility under Section 223(e) is determined by the appropriate HOC.

If the case is being processed under the Direct Endorsement (DE) Lender Program, the lender must submit the case binder to the appropriate HOC for prior approval processing and Section 223(e) consideration. The case binder must be submitted after the appraiser and the lender's underwriter have determined that

- the property does *not* meet the location eligibility requirements of Section 203(b), but
- the property *is* located in an older, declining urban area that may qualify for Section 223(e).

4155.2 4.1.i Compliance Inspection Requirements

Compliance inspections completed by FHA Roster Inspectors or local authority with jurisdiction may be required for

- proposed construction or properties under construction
- properties undergoing substantial rehabilitation, and
- existing properties requiring repairs to major systems (for example, structural, heating, and so on).

The number and timing of inspections for new construction depends upon the

- stage of construction (proposed construction, under construction, or new construction less than one year old)
- coverage by an acceptable 10 year warranty plan
- issuance of a building permit and Certificate of Occupancy (CO) by the local jurisdiction
- acceptability of inspections by the local community, and
- the type of construction (stick built, manufactured home, or condominium conversions). Modular homes are treated the same as stick built.

A clear final inspection or, in certain cases, a Certificate of Occupancy, will be required before FHA will insure the mortgage.

Part B, Certificate of Completion, of [Fannie Mae Form 1004D/Freddie Mac Form 442](#) provides for compliance repair and completion inspections for existing and new construction dwellings.

4155.1 4.1.j Appraisal Assignment to Ensure Appraiser Competency

An appraiser who is primarily experienced in appraising detached, single family dwellings in one market may lack the knowledge, experience and/or resources for obtaining market data that will enable the appraiser to perform quality appraisals on condominiums or manufactured homes in the same market, or on detached, single family homes in another market a short distance away.

The valuation principles for appraising all residential properties are essentially the same, no matter the market in which the property is located. However not all appraisers are knowledgeable and experienced, or have access to sources of data for all markets.

The lender must select an appropriate appraiser for every assignment, one who has knowledge of the market area, or geographic competency.

A lender must not assume, simply because an appraiser is state-certified, that the appraiser is qualified and knowledgeable in a specific market area or property type. It is incumbent upon the lender to determine whether an appraiser's qualifications, as evidenced by educational training and actual field experience, are sufficient to enable the appraiser to competently perform appraisals before assigning an appraisal to him/her.

4155.2 4.1.k Preventing Improper Influences on Appraisers

In order to help FHA Roster appraisers avoid conflicts of interest or appearance of conflicts of interest, no member of a lender's loan production staff or any person who is compensated on a commission basis tied to the successful completion of a loan, or reports, ultimately, to any officer of the lender not independent of the loan production staff and process, shall have substantive communications with an appraiser relating to or having an impact on valuation, including ordering or managing an appraisal assignment.

4155.2 4.1.1 Prohibition of Mortgage Brokers and Commission based Lender staff from the Appraisal Process

FHA prohibited lenders from accepting appraisal reports completed by an appraiser selected, retained or compensated, in any manner by real estate agents. To ensure appraiser independence, FHA-approved lenders are now prohibited from accepting appraisals prepared by FHA Roster appraisers who are selected, retained or compensated in any manner by a mortgage broker or any member of a lender's staff who is compensated on a commission basis tied to the successful completion of a loan.

4155.2 4.1.m Appraiser Independence Safeguards

Lenders, and third parties working on behalf of lenders, are prohibited from

- withholding or threatening to withhold timely payment or partial payment for an appraisal report
 - withholding or threatening to withhold future business from an appraiser
 - demoting or terminating, or threatening to demote or terminate, an appraiser
 - expressly or impliedly promising future business, promotions or increased compensation for an appraiser
 - conditioning the ordering of an appraisal report or the payment of an appraisal fee, salary or bonus on the opinion, conclusion or valuation to be reached, or on a preliminary value estimate requested from an appraiser
 - requesting that an appraiser provide an estimated, predetermined or desired valuation in an appraisal report prior to the completion of that report
 - requesting that an appraiser provide estimated values or comparable sales at any time prior to the appraiser's completion of an appraisal report.
 - providing to the appraiser an anticipated, estimated, encouraged or desired value for a subject property or a proposed or target amount to be loaned to the borrower, except that a copy of the sales contract for purchase must be provided
 - providing stock or other financial or non-financial benefits to
 - the appraiser,
 - the appraisal company
 - the appraisal management company, or
 - any entity or person related to the appraiser, appraisal company or management company
-

4155.2 4.1.m Appraiser Independence Safeguards (continued)

- allowing the removal of an appraiser from a list of qualified appraisers, or the addition of an appraiser to an exclusionary list of qualified appraisers, used by any entity without prompt written notice to such appraiser, which notice shall include written evidence of the appraiser's
 - illegal conduct
 - violation of the Uniform Standards of Professional Appraisal Practice (USPAP) standards
 - violation of state licensing standards, or
 - improper or unprofessional behavior or other substantive reason for removal
- ordering, obtaining, using, or paying for a second or subsequent appraisal or automated valuation model (AVM) in connection with a mortgage financing transaction unless
 - there is a reasonable basis to believe that the initial appraisal was flawed or tainted and such appraisal is clearly and appropriately noted in the loan file
 - such appraisal or automated valuation model is done pursuant to written, pre-established bona fide pre- or post-funding appraisal review or quality control process or underwriting guidelines, and
 - the lender adheres to a policy of selecting the most reliable appraisal, rather than the appraisal that states the highest value, or
- any other act or practice that impairs or attempts to impair an appraiser's independence, objectivity or impartiality, or violates law or regulation, including, but not limited to the Truth in Lending Act (TILA) and Regulation Z and USPAP.

Note: If absolute lines of independence cannot be achieved as a result of the lender's small size and limited staff, the lender must be able to clearly demonstrate that it has prudent safeguards in place to isolate its collateral evaluation process from influence or interference by its loan production process.

- the basis for the determination of MPS and MPR
 - minimum property standards for houses and manufactured homes
 - site condition standards
 - lead-based paint standards
 - services and facilities standards
 - access standards
 - restrictions regarding non residential use, and
 - rejection of “existing” or newly constructed property.
-

Change Date October 26, 2009

**4155.2 4.2.a
Basis for
Determination
of
MPS and MPR**

The application of MPS for new construction is determined by

- construction status (proposed construction, under construction, or existing construction less than one-year old), and
- construction type (on-site construction or manufactured housing).

A property is considered “new construction” if it was completed less than one year from the date of the Certificate of Occupancy (CO) or its equivalent.

The application of MPR for an “existing” property is determined by the date of the CO or its equivalent. To be considered “existing” property, it must be over one year from the date of the CO.

Site Condition
Standards**

The site conditions of a property must be free of health and safety hazards.

**4155.2 4.2.d
Lead-Based
Paint
Standards**

If the property was built before 1978

- the seller must disclose known information on lead-based paint and lead-based paint hazards before selling the house
- the sales contracts must include a disclosure form about lead-based paint, and
- the buyers have up to 10 days from the date of the signing of the sales contract to check for lead.

FHA *may* insure a mortgage on a house, even with lead-based paint, if defective paint surfaces are treated. However, FHA will *not* pay the cost to have the lead-based paint removed, treated, or repaired.

4155.2 4.2.g Restrictions on Non Residential Use

Non residential use must be subordinate to the property's residential use and character, and it may not exceed 25 percent of the total floor area.

The following non residential properties are ineligible for mortgage insurance:

- commercial enterprises
- boarding houses
- hotels/motels
- tourist houses
- private clubs
- bed and breakfast establishments, and
- fraternity/sorority houses.

Exception: Exceptions to this restriction are made for Section 203(k) properties.

4155.2 4.2.h Rejection of “Existing” or Newly Constructed Property

When examination of “existing” or newly constructed property reveals noncompliance with the General Acceptability Standards, an appropriate specific condition (repair) to correct the deficiency is required, if correction is feasible.

If correction is *not* feasible, and only *major* repairs or alterations can affect compliance, the lender must reject the property.

Note: The appraiser must note those repairs necessary to make the property comply with FHA’s General Acceptability Standards, together with the estimated cost to cure. The lender will determine which repairs for existing properties must be made for the property to be eligible for FHA-insured financing.

Introduction

This topic contains information on eligibility requirements for various types of properties in special flood hazard areas (SFHA), including

- responsibility for determining property eligibility
 - properties ineligible for FHA insurance
 - eligibility of proposed and new construction in SFHAs
 - lender discretion on requiring a flood elevation certificate and/or flood insurance

**4155.2 4.3.a
Responsibility
for
Determining
Property
Eligibility in
SFHA**

The lender is responsible for determining the eligibility of properties in special flood hazard areas (SFHA) as designated by the Federal Emergency Management Agency (FEMA). The FHA appraiser is required to review the FEMA Flood Insurance Rate Map, note the FEMA zone designation on the Uniform Residential Appraisal Report (URAR), and, if the property is located in a SFHA, attach a copy of the flood map panel. Lenders are strongly encouraged, however, to obtain a flood zone certification independent of any assessment made by the appraiser, to avoid culpability for regulatory violations or civil claims for damages that may arise from improper determinations.

Lenders must inform borrowers of the requirement to obtain adequate flood insurance as a condition of closing for properties where any portion of the dwelling and related structures and equipment are located in a SFHA. They must require the escrow of flood insurance premiums if escrow is required for other items such as hazard insurance and taxes.

3. Requirements for Properties in Special Flood Hazard Areas (SFHA), Continued

4155.2 4.3.b Properties in SFHA Ineligible for FHA Insurance

A property is *not* eligible for FHA insurance if a residential building and related improvements to the property are located within a SFHA (Zone A, a “*Special Flood Zone Area*”, or Zone V, a “*Coastal Area*”), and insurance under the National Flood Insurance Program (NFIP) is not available in the community.

4155.2 4.3.c Eligibility of Proposed and New Construction in SFHAs

If any portion of the property improvements (the dwelling and related structures/equipment essential to the value of the property and subject to flood damage) is located within a SFHA, the property is *not* eligible for FHA mortgage insurance *unless*

- a final Letter of Map Amendment (LOMA) or final Letter of Map Revision (LOMR) that removes the property from the SFHA is obtained from FEMA, or
- if the property is *not* removed from the SFHA by a LOMA or LOMR, the lender obtains a FEMA National Flood Insurance Program Elevation Certificate (FEMA form 81-31), prepared by a licensed engineer or surveyor, documenting that the lowest floor (including the basement) of the residential building, and all related improvements/equipment essential to the value of the property, is built at or above the 100-year flood elevation in compliance with the NFIP criteria.

If a LOMA or LOMR is obtained that removes the property from the SFHA, neither flood insurance nor a flood elevation certificate is required.

Insurance under the NFIP *is* required when a flood elevation certificate documents that the property remains located within a SFHA.

Note: The LOMA, LOMR or flood elevation certificate must be submitted with the case for endorsement.

Reference: For more information on the National Flood Insurance Program criteria, see [44 CFR 60.3 – 60.6](#).

**4155.2 4.3.d
Lender
Discretion on
Requiring a
Flood Elevation
Certificate
and/or Flood
Insurance**

If a lender is uncertain about whether a property is located within a SFHA, it may require a flood elevation certificate. In addition, the lender has discretion to require national flood insurance even if

- the residential building and related improvements to the property are *not* located within the SFHA, but
 - the lender has reason to believe that the building and related improvements to the property may be vulnerable to damage from flooding.
-

**4155.2 4.3.e
Flood
Insurance
Requirements
for Existing
Construction**

Insurance under the NFIP must be obtained as a condition of closing and maintained for the life of the loan for an existing property when any portion of the residential improvements is determined to be located in a SFHA. If the improvements are subsequently removed from a SFHA by a LOMA or LOMR, flood insurance will no longer be required.

**4155.2 4.3.f
Flood
Insurance for
Condominiums**

The Homeowners' Association (HOA), not the individual condominium owner, is responsible for maintaining flood insurance on buildings located within a SFHA.

The lender is responsible for ensuring that the HOA obtains and maintains adequate flood insurance if the FHA appraiser reports that buildings in a condominium project are located within a SFHA. The flood insurance coverage must protect the interest of borrowers who hold title to individual units as well as the common areas of the condominium project.

A LOMA, LOMR or elevation certificate is acceptable evidence if any part of the property improvements is located within the SFHA.

Reference: For more information on LOMA, LOMR and elevation certificate see [4155.2 4.3.c](#).

4155.2 4.3.g Flood Insurance for Manufactured Homes

If any portion of property improvements for both new and existing manufactured home properties are located within a SFHA (Zones A or V), the property is *not* eligible for FHA mortgage insurance without

- a FEMA-issued LOMA or LOMR, or
- an elevation certificate, prepared by a licensed engineer or surveyor on the finished construction, indicating that the finish grade beneath the dwelling or manufactured home is at or above the 100-year return frequency flood elevation.

Note: When utilizing an elevation certificate, the property remains in a SFHA and flood insurance is required. Neither an elevation certificate nor flood insurance is required with LOMA or LOMR that removes the property from the SFHA.

Important: For manufactured homes with basements, the grade beneath the basement must be at or above the 100-year flood elevation.

4155.2 4.3.h Required Insurance Amount

National flood insurance is required for the term of the loan and must be maintained in an amount equal to the *least* of the following:

- the development cost of the property, less estimated land cost
- the maximum amount of the NFIP insurance available with respect to the property improvements, or
- the outstanding principal balance of the loan(s).

- ensure that the conclusions about the observed conditions of the property provide rationale for the opinion of market value.

The completed appraisal form utilized, together with the required exhibits, constitutes the reporting instrument to HUD for FHA-insured mortgages.

4155.2 4.4.d Term of an Appraisal

The validity period for all appraisals on existing, proposed and under construction properties is 120 days.

If the appropriate HOC determines that soft market conditions exist in certain areas or markets, it may shorten the term of appraisals for substantial rehabilitation upon advance notice to lenders.

The term of the appraisal begins on the day the home is inspected by the FHA-approved appraiser and this date appears on the URAR.

4155.2 4.4.e FHA Policy on Appraisal Reuse

Appraisals *cannot* be reused after the mortgage for which the appraisal was ordered has closed.

A new appraisal is required for each refinance transaction requiring an appraisal.

Example: An appraisal used for the purchase of a property cannot be used again for a subsequent refinance, even if six months has not passed.

4155.2 4.4.f FHA Policy on Appraisal Extensions

If a borrower signs a valid sales contract or is approved for a loan prior to the expiration date of the appraisal, the term of the appraisal may be extended, at the option of the lender, for 30 days to allow for the approval of the borrower and closing of the loan.

Approval of the borrower occurs when the lender's DE underwriter signs the [HUD-92900-LT](#), *FHA Loan Underwriting and Transmittal Summary*.

4155.2 4.4.g FHA Policy on Appraisal and Inspection Fees

The lender is responsible for collecting and promptly paying appraisers and inspectors.

4155.2 4.4.h Lender Responsibility for Providing Appraised Value Documentation to the Borrower

In accordance with the provisions of the National Housing Act, the lender must provide to the borrower a Statement of Appraised Value.

The lender accomplishes this by giving the borrower a copy of [HUD - 92800.5B](#), *Conditional Commitment – DE Statement of Appraised Value*, or a copy of the completed appraisal report, at or before loan closing.

4155.2 4.4.i Appraisal Transfer and Change of Client Name when the Borrower Switches Lenders

In cases where a borrower has switched lenders, the first lender must, at the borrower's request, transfer the case to the second lender. FHA does not require that the client name on the appraisal be changed when it is transferred to another lender.

In accordance with the Uniform Standards of Professional Appraisal Practice (USPAP), the second lender is not permitted to request that the appraiser change the name of the client within the appraisal report unless it is a new appraisal assignment. To effect a client name change, the second lender and the original appraiser may engage in a new appraisal assignment wherein the scope of work is limited to the client name change. A new client name should include the name of the client (lender) and HUD.

4. Appraisal Requirements, Continued

4155.2 4.4.j Ordering a Second Appraisal when the Borrower Switches Lenders

FHA prohibits “appraiser shopping”, where lenders order additional appraisals in an effort to assure the highest possible value for the property, and/or the least amount of deficiencies or repairs are noted and required by the appraiser.

However, in the case where a borrower switches from one FHA lender (first lender) to a second lender, and an appraisal was ordered by and completed for the first lender, a second appraisal may be ordered by the second lender if the

- first appraisal contains material deficiencies, as determined by the Direct Endorsement underwriter for the second lender
- appraiser performing the first appraisal is on the second lender’s exclusionary list of appraisers, or
- failure of the first lender to provide a copy of the appraisal to the second lender in a timely manner would cause a delay in closing, posing potential harm to the borrower, which includes events outside the borrower’s control such as
 - loss of interest rate lock
 - purchase contract deadline
 - foreclosure proceedings, and/or
 - late fees.

For the first two scenarios above, the lender must ensure that copies of both appraisals are retained in the case binder. For the third scenario, the appraisal from the first lender must be added to the case binder when it is received.

Important: In all cases, the lender must document why a second appraisal was ordered and retain the explanation in the case binder.

Introduction	<p>This topic contains information on the prohibition of property flipping, including the</p> <ul style="list-style-type: none">• definition of <i>property flipping</i>• inapplicability of property flipping restrictions to new construction• requirement that the seller must be the owner of record• appraiser responsibility for analyzing prior sales of a property• restriction on re-sales occurring 90 days or less after acquisition• required second appraisal on properties sold between 91 and 180 days after acquisition• re-sales occurring between 91 days and 12 months following acquisition, and• exceptions to the 90-day restriction.
---------------------	--

Change Date	February 22, 2010
--------------------	-------------------

4155.2 4.7.a Definition: Property Flipping	The term <i>property flipping</i> refers to a practice whereby recently acquired property is resold for a considerable profit with an artificially inflated value, often abetted by a lender's collusion with an appraiser.
---	---

4155.2 4.7.b Inapplicability of Property Flipping Restrictions to New Construction	The restrictions listed in this topic, and in 24 CFR 203.37a do <i>not</i> apply to a builder selling a newly built home or building a home for a borrower wishing to use FHA-insured financing.

4155.2 4.7.c Seller Must Be the Owner of Record

To be eligible for a mortgage insured by FHA

- a property must be purchased from the owner of record
- the transaction may *not* involve any sale or assignment of the sales contract, and
- the lender must obtain, and submit in the case binder to HUD, documentation verifying that the seller is the owner or record.

Such documentation may include, but is not limited to

- a property sales history report
- a copy of the recorded deed from the seller, or
- other documentation, such as a copy of a property tax bill, title commitment, or binder, demonstrating the seller's ownership of the property and the date it was acquired.

Note: This requirement applies to all FHA purchase money mortgages, regardless of the time between re-sales.

4155.2 4.7.d Appraiser Responsibility for Analyzing Prior Sales of a Property

To be in compliance with updated Standard Rule 1-5 of the Uniform Standards of Professional Appraisal Practice (USPAP), appraisers are required to analyze any prior sales of a subject property in the previous three years for one to four family residential properties.

Mortgage lenders may rely on the information provided by the appraiser in the Uniform Residential Appraisal Report (URAR) describing the Date, Price and Data for Prior Sales for the subject property within the last three years.

4155.2 4.7.e Restriction on Re-Sales Occurring 90 Days or Less After Acquisition

If a property is re-sold 90 days or fewer following the date of acquisition by the seller, the property is *not* eligible for a mortgage insured by FHA.

FHA defines the

- *seller's date of acquisition* as the date of settlement on the seller's purchase of that property, and
- *re-sale date* as the date of execution of the sales contract by a buyer intending to finance the property with an FHA-insured loan.

Reference: For exceptions to this 90-day restriction, see [HUD 4155.2 4.7.h](#)

7. Prohibition on Property Flipping, Continued

4155.2 4.7.f Second Appraisal Required on Properties Sold Between 91 and 180 Days After Acquisition

A lender must obtain a second appraisal by another appraiser if

- the re-sale date of a property is between 91 and 180 days following the acquisition of the property by the seller, and
- the resale price is 100 percent or more over the price paid by the seller when the property was acquired.

FHA reserves the right to revise the resale percentage level at which this second appraisal is required by publishing a notice in the Federal Register.

Example: If a property is re-sold for \$80,000 within six months of the seller's acquisition of that property for \$40,000, the lender must obtain a second independent appraisal supporting the \$80,000 sales price. Even if the lender provides documentation showing the cost and extent of rehabilitation that went into the property resulting in the increased value, the second appraisal is still required.

Note: The cost of the second appraisal may *not* be charged to the borrower.

4155.2 4.7.g Resales Occurring Between 91 Days and 12 Months Following Acquisition

FHA reserves the right to require additional documentation from a lender to support the resale value of a property *if*

- the resale date is more than 90 days after the date of acquisition by the seller, but before the end of the twelfth month following the date of acquisition, and
- the resale price is 5 percent or greater than the lowest sale price of the property during the preceding 12 months.

At FHA's discretion, such documentation may include, but not be limited to, an appraisal from another appraiser.

7. Prohibition on Property Flipping, Continued

4155.2 4.7.h Exceptions to the 90 Day Restriction

The *only* exceptions to the 90 day resale restriction described in [HUD 4155.2 4.7.e](#) are for

- properties acquired by an employer or relocation agency in connection with the relocation of an employee
- re-sales by HUD under its Real Estate Owned (REO) program
- sales by other United States Government agencies of single family properties pursuant to programs operated by these agencies
- sales of properties by nonprofits approved to purchase HUD owned single family properties at a discount with resale restrictions
- sales of properties that are acquired by the seller by inheritance
- sales of properties by state and federally-chartered financial institutions and government sponsored enterprises
- sales of properties by local and state government agencies, and
- sales of properties within Presidentially Declared Disaster Areas.

Any subsequent re-sales of the properties described above must meet the 90 day threshold in order for the mortgage to be eligible as security for FHA insurance.

Note: HOCs do *not* have the authority to waive the 90-day resale restriction because it is a regulatory requirement and *not* an administrative policy.

8. Seller Concessions and Verification of Sales

Introduction This topic contains information on FHA requirements regarding seller concessions and verification of sales. It includes information on

- the FHA policy on appraisal requirements for sales concessions
 - types of sales concessions, and
 - lender requirements regarding sales concessions.
-

Change Date May 10, 2009

**4155.2 4.8.a
FHA Policy on
Appraisal
Requirements
for Sales
Concessions** Sales concessions influence the price paid for real estate. For this reason, FHA requires that appraisers identify and report sales concessions and properly address and/or adjust the comparable sale transactions to account for sales concessions in the appraisal of all properties to be security for an FHA-insured loan.

**4155.2 4.8.b
Types of Sales
Concessions** Sales concessions may be in the form of any of the following concessions given by the seller or any other party involved in a mortgage transaction:

- loan discount points
 - loan origination fees
 - interest rate buy downs
 - closing cost assistance
 - payment of condominium fees
 - builder incentives
 - down payment assistance
 - monetary gifts, or
 - personal property

**4155.2 4.8.c
Lender
Requirements
Regarding
Sales
Concessions**

FHA requires that lenders comply with the requirements listed below with respect to sales concessions:

- on any real estate purchase transaction, the lender must provide the appraiser with a complete copy of the ratified sales contract, including all addenda, for the subject property that is to be appraised
- lenders must provide appraisers with all financing data and sales concessions for the subject property granted by anyone associated with the transaction (**Note:** Sales concession information must include gifts and/or down payment assistance, which may or may not be included in the contract of sale.), and
- if a lender requests a reconsideration of value, the lender must provide the appraiser with any amendments to the contract that occurred after the effective date of the appraisal.

Note: Contributions from sellers or other interested third parties to the transaction that exceed 6 percent of the sales price or other financing concessions must be treated as inducements to purchase, thereby reducing the amount of the mortgage.

Reference: For information on inducements to purchase, see [HUD 4155.1 2.A.4.](#)

9. Reporting Requirements for Appraisals in Declining Markets

Introduction	<p>This topic contains information on the reporting requirements for appraisals in declining markets, including</p> <ul style="list-style-type: none"> • a description of a “declining market” for purposes of properties that are to be collateral for FHA-insured mortgages • the policy requiring the use of closed comparables and active listings/pending sales • specific requirements for reporting comparable listings/pending sales for appraisals in declining markets, and • requirements regarding market trend data sources.
Change Date	May 10, 2009
4155.2 4.9.a Description of “Declining Market” for Purposes of Properties That Are Collateral for an FHA- Insured Mortgage	<p>While there is no standard industry definition, for purposes of performing appraisals on properties that are to be collateral for FHA-insured mortgages, a “declining market” is considered to be any neighborhood, market area, or region that demonstrates a decline in prices or deterioration in other market conditions as evidenced by an oversupply of existing inventory or extended marketing times</p> <p><i>Note:</i> A declining trend in the market must be identified by the conclusions of the Fannie Mae 1004MC, Market Conditions Addendum. The appraiser must provide a summary comment and provide support for all conclusions relating to the trend of the current market.</p>
4155.2 4.9.b Policy Requiring Use of Comparables for Appraisal Reporting in Declining Markets	<p>In order to show recent market activity, appraisals of properties located in declining markets must include at least two comparable sales that</p> <ul style="list-style-type: none"> • closed within 90 days prior to the effective date of the appraisal, and • are as similar as possible to the subject property. <p><i>Note:</i> In cases where compliance with this requirement is difficult or not possible due to the lack of market data, a detailed explanation is required.</p>

4155.2 4.9.c Specific Requirements for Reporting Comparable Listings/ Pending Sales for Appraisals in Declining Markets

In order to ensure that FHA receives an accurate and thorough appraisal analysis, the inclusion of comparable listings and/or pending sales is required in appraisals of properties that are located in declining markets. Specifically, the appraiser must

- include a minimum of two active listings or pending sales on the appraisal grid of the applicable appraisal reporting form in comparable 4-6 position or higher (in addition to the three settled sales)
- ensure that active listings and pending sales are market tested and have reasonable market exposure to avoid the use of over priced properties as comparables. (**Note:** Reasonable market exposure is reflected by typical marketing times for the neighborhood. The comparable listings should be truly comparable and the appraiser should bracket the listings using both dwelling size and sales price whenever possible.)
- adjust active listings to reflect list to sale price ratios for the market
- adjust pending sales to reflect the contract purchase price whenever possible or adjust pending sales to reflect list to sale price ratios
- include the original list price, any revised list prices, and total days on the market (DOM) (**Note:** Provide an explanation for DOM that do not approximate time frames reported in the Neighborhood section of the appraisal reporting form or that do not coincide with the DOM noted in the Market Conditions Addendum.)
- reconcile the adjusted values of active listings or pending sales with the adjusted values of the settled sales provided (**Note:** If the adjusted values of the settled comparables are higher than the adjusted values of the active listings or pending sales, the appraiser must determine if a market condition adjustment is appropriate. The final value conclusion should not be based solely on the comparable listing or pending sales data.), and
- include an absorption rate analysis, which is critical to developing and supporting market trend conclusions, as mandated by the Market Conditions Addendum. (**Example:** Assuming 36 sales during a six-month period, the absorption rate is 6 sales per month (36/6).

9. Reporting Requirements for Appraisals in Declining Markets, Continued

4155.2 4.9.d Specific Requirements for Market Trend Data Sources

Data regarding market trends is available from a number of local and nationwide sources. Appraisers must be diligent in using only impartial sources of data. The appraiser must

- verify data via local parties to the transaction, such as
 - agents
 - buyers
 - sellers, and
 - lenders, or
- use public records or another impartial data source that can be replicated if a sale cannot be verified by a party.

Unacceptable Sources:

Unacceptable data sources include local and national media and other sources considered not readily verifiable. A Multiple Listing Service (MLS) by itself is not considered a verification source.

Notes:

- Appraisal results should be able to be replicated.
 - Known or reported incentives or sales concessions must be noted in the financing section of the grid for any active or pending comparable used.

4155.2 4.10.c Use of the Engineer's Certification on Foundation Compliance for Manufactured Homes for Future Loans

A copy of the foundation certification, showing that the foundation met the PFGMH guidelines that were in effect at the time of certification, is acceptable for future FHA loans, provided there are no alterations and/or observable damage to the foundation.

A copy of the foundation certification is not required in the loan file or insuring binder for any

- FHA-to-FHA transaction, provided that no modifications have been made to the foundation or structure from the date of the effective certification, or
 - FHA/HUD Real Estate Owned (REO) Division sales.
-

4155.2 4.10.d Perimeter Enclosures for Manufactured Homes

For the space beneath a manufactured home to be properly enclosed, the perimeter enclosure must

- be a continuous wall (whether bearing or non-load bearing)
- be adequately secured to the perimeter of the unit
- separate the crawl space from backfill
- keeps out vermin and water, and
- allow for proper ventilation of the crawl space.

For new construction, the space beneath the home shall be enclosed by a continuous foundation-type construction designed to resist all forces to which it is subjected without transmitting forces to the building superstructure. The enclosure shall be constructed of materials that conform to the PFGMH, and to HUD *Minimum Property Standards* (MPS), such as concrete, masonry, or treated wood.

For existing construction, there must be adequate backing, such as concrete, masonry, or treated wood, to permanently attach and support or reinforce the skirting, if the perimeter enclosure is non-load bearing skirting comprised of lightweight material.

For newly-constructed manufactured homes, initial and final inspections must be completed in accordance with the requirements in HUD 4145.1, REV-2, CHG-1, *Architectural Processing and Inspections for Home Mortgage Insurance*; and reported using the *Compliance Inspection Report* form. The inspections must be performed by

- FHA Compliance Inspectors
- licensed engineers
- registered architects, or
- other qualified construction industry professionals, as determined by the lender.

The inspector must have a copy of the FHA-required foundation certification, and related plans and specifications at the time of the inspection.

FHA Roster appraisers may use Part B of [Fannie Mae Form 1004D/Freddie Mac Form 442](#), *Appraisal Update and/or Completion Report*, which provides for compliance repair and completion inspections for existing and new construction dwellings.

Important: The FNMA form [Fannie Mae Form 1004D/Freddie Mac Form 442](#), *Appraisal Update and/or Completion Report* may not be used in lieu of form [HUD-92051](#), *Compliance Inspection Report*, for new construction and manufactured housing.

4155.2 4.10.f Termite Control for Manufactured Homes

The steel chassis under a newly-constructed manufactured home unit is not an effective termite barrier. Any one, or a combination of the following methods is required for maximum protection against termites, including

- chemical soil treatment
- EPA-registered bait treatments
- pressure preservative-treated wood, or
- naturally termite-resistant wood.

Termite protection policies for existing manufactured homes will be handled in the same manner as stick-built homes. State or local requirements are to be followed.

**4155.2 6.A.1.c
Date of Closing**

The date of closing/settlement is generally considered the date on which the note and mortgage are signed by the borrower. This is also the date defined as the settlement date on the [HUD-1 Settlement Statement](#).

However, to establish the date on which the 60-day endorsement submission clock begins, FHA relies on the date that the lender relinquishes control of the loan proceeds (disburses the mortgage funds), for both purchase money mortgages and refinance transactions.

This results in a consistent, easily understood start date so that lenders can meet the obligation to submit the uniform case binder to FHA for endorsement processing.

This date must be entered

- on [HUD-1, Settlement Statement](#), Block I, and
 - as the closing date on the
 - Automated Clearing House (ACH) screen, and
 - FHA Connection screen.
-

**4155.2 6.A.1.d
Date For
Collecting
Interest**

The date from which interest may be collected is the date when the lender disburses, or relinquishes control of the loan proceeds.

Interim interest for the period preceding amortization must be computed using the daily factor of $1/365^{\text{th}}$ of the annual rate.

**4155.2 6.A.1.e
Payment
Factors for
Principal and
Interest
Payments**

Lenders may use a six-digit factor for the monthly principal and interest payment. A tolerance of four cents per thousand is permitted.

The 365-day year is used to calculate the interim (per diem) interest.

4155.2 6.A.1.f Power of Attorney

Power of attorney may be used for closing documents, including

- Page four of the Addendum to the Uniform Residential Loan Application (URLA), and
- the final URLA, if signed at closing.

Lenders are required to submit copies of the initial URLA and the Addendum if all borrowers did not sign the finals.

Any power of attorney, whether specific or general, must comply with state law, and allow for the mortgage Note to be legally enforced in the jurisdiction.

Ultimately, it is the lender's responsibility for ensuring that clear title is conveyed in the event of foreclosure.

References: For additional information on

- power of attorney, see [HUD 4155.2 3.C.3.d](#), and

-

4155.2 6.A.1.g Title Insurance

Title insurance is not required at loan closing. However, the lender is responsible for conveying good, marketable title to FHA when a claim is filed.

Exception: The one exception to this policy involves property that previously had been sold by HUD (REO sale) and FHA has insured the mortgage financing the subsequent purchase of the property. If such a property had a title defect prior to the original conveyance to FHA, the lender is *not* held responsible for any title defects arising prior to the sale by FHA.

Reference: For more information on HUD REO sales and prior title defects, see [24 CFR 203.390](#).

4155.2 6.A.1.h Lender Responsibilities Regarding Title Objections

With respect to title objections, the lender is responsible for

- reviewing [24 CFR 203.389](#) for a full description of the general waiver of objection to title provisions
- reporting any additional exceptions discovered during the title search to the DE underwriter before the loan is closed (unless the exceptions are covered by the General Waiver)
- reviewing other title matters *not* covered by the General Waiver
- making decisions about these other title conditions and whether the title condition significantly affects the property's value and/or marketability, and
- ensuring that FHA will accept any conditions of title to the property.

4155.2 6.A.1.i Projecting and Collecting Real Estate Tax Payments

Projecting real estate tax payments, and collecting those funds as a portion of the monthly escrow account payment, does *not* violate the Real Estate Settlement Procedures Act (RESPA).

RESPA requires that a borrower receive an initial escrow account statement at settlement or within 45 days. In conducting this analysis, RESPA permits lenders and mortgage servicers to project the disbursements for real estate taxes for the ensuing twelve months and collect funds based on this projection.

However, lenders must not predicate a borrower's monthly escrow payments on the value of vacant land when tax authority reassessments are likely to occur within 12 months of mortgage loan closing.

4155.2 6.A.1.j Title Issues for Manufactured Homes

All manufactured home units and land must be classified as real estate to be eligible for Title II FHA Insurance. When the land is purchased separately from the manufactured housing unit, there may be a

- property deed for the land, and
- chattel deed or motor vehicle title for the unit.

Certification of purged title of the manufactured home must be provided to show that the unit has been officially converted from chattel to real property. Once the manufactured home unit is permanently attached to land, the lender must file a request or application to purge the manufactured home title with the appropriate state or local authority (i.e. Department of Motor Vehicles).

FHA requires one clear title at the time of closing.

Lenders must

- comply with all state or local requirements for proper purging of
 - the title (chattel) to the manufactured home or
 - equivalent debt
- ensure that the subject property is classified or taxed as real estate.

If the original chattel deed or title is not purged, the property does not have marketable real estate title. In the event of a foreclosure, HUD will not accept a conveyance nor pay a claim. Lenders must provide evidence that the title policy specifically states the manufactured home and land are classified as real estate (but need not be treated as real estate for purposes of state taxation).

Final URLA
and Addendum
Requirement**

The underwriter must have the final Addendum and URLA before underwriting the loan application, whether or not they are signed by the borrower at that time.

If the lender uses only one loan application that serves as both the initial and final, the lender must still obtain a completed final Addendum before underwriting the loan.

The following must be submitted as part of the endorsement package:

- a copy of any initial and final loan application, and

Disclosure
Statement
When Initial
Addendum Is
Not Completed**

When the lender chooses *not* to complete an initial Addendum (that is, the lender asks the borrower to sign a completed Addendum before the loan is underwritten), simultaneous appraisal and mortgage credit review is permissible if the lender discloses to the borrower that the lender's DE underwriter may adjust the appraised value. The disclosure statement below must be signed by the borrower(s) and becomes part of the official file submitted to FHA for endorsement:

I (we) understand that my (our) application for an FHA-insured mortgage is being processed under the Direct Endorsement (DE) program. The lender has advised me (us) that the appraiser has assigned a value of \$_____ to the property being purchased.

I am (we are) aware that the official determination will be made by the DE underwriter when he/she reviews the report.

It is understood that I (we) may elect to cancel the application or renegotiated with the seller if the DE underwriter reduces the value below the amount set forth in the sales contract, or requires additional repairs for which the seller will not be responsible.

**4155.2 6.A.2.f
Closing in
Compliance
With Loan
Approval**

The loan *must* close in the same manner in which it was underwritten and approved.

Except for non-purchasing spouses, additional signatures on the security instruments and/or mortgage note for individuals not reviewed during mortgage credit analysis may be grounds for withholding endorsement.

Reference: For additional information on non-purchasing spouse requirements, see [HUD 4155.1 4.A.5](#).

3. Closing Costs and Other Fees

Introduction This topic contains information on closing costs and other fees that the lender may charge the borrower at loan closing, including

- collecting customary and reasonable fees
 - other fees and charges, and
 - rejecting charges and fees.
-

Change Date February 22, 2010

**4155.2 6.A.3.a
Collecting
Customary and
Reasonable
Fees**

The lender may only collect fair, reasonable, and customary fees and charges from the borrower for all origination services. The agency will monitor to ensure that FHA borrowers are not overcharged. Furthermore, the FHA Commissioner retains the authority to set limits on the amount of any fees that mortgagees charge borrowers for obtaining an FHA loan and the agency does intend to issue additional guidance on the subject.

Aggregate charges may not violate FHA's tiered pricing rules.

Additionally, FHA does not allow "mark-ups," or any charges to the borrower of a fee amount greater than that charged the lender by the service provider. Only the actual cost for the service may be charged to the borrower. Except for discount points, these fees may be

- used to meet the minimum investment requirement for purchases, or
- added to the existing indebtedness for refinances.

The cost for any item charged to the borrower *must not* exceed the cost paid by the lender, or charged to the lender by the service provider.

- conditions listed or appearing in any outstanding commitment issued under the case number have been fulfilled
- complete disbursement of the loan was made to the borrower, or his/her creditors for his/her account and with his/her consent
- the security instrument has been recorded, and is a good and valid first lien on the property
- no charge has been made to or paid by the borrower, except as permitted under FHA regulations
- copies of the credit and security instruments which are submitted herewith are true and exact copies as executed and filed for record, and
- no one has paid any kickbacks, fee or consideration of any type, directly or indirectly, to any party connected with the transaction, except as permitted under FHA regulations and administrative instructions.

4155.2 6.A.5.c Policy on Sales Contracts

Except for houses sold by FHA under the REO program, FHA is *not* a party to the sales agreement.

When a sales contract contains conditions that, if performed, would violate FHA's requirements, the lender must obtain an addendum or modification to the sales agreement that allows conformance to those requirements.

Nevertheless, failure to perform a condition of the sales contract is not grounds for denying loan endorsement, *provided the loan closes in compliance with all regulations and policies.*

Example: The sales contract may require the seller to pay an amount in excess of present limits. Provided the lender closes the loan in accordance with FHA requirements

- endorsement will not be withheld, and
- the sales contract does not need to refer to FHA financing to be valid.

4155.2 6.A.5.d Requirement for an Amendatory Clause to the Sales Contract

An amendatory clause must be included in the sales contract when the borrower has not been informed of the appraised value by receiving a copy of [HUD-92800.5B](#), *Conditional Commitment/DE Statement of Appraised Value* or VA-NOV *before* signing the sales contract.

The Amendatory clause is *not* required on

- HUD REO sales
- sales in which the seller is
 - Fannie Mae
 - Freddie Mac
 - the Department of Veterans Affairs (VA)
 - Rural Housing Services
 - Other Federal, state, and local government agencies
 - a lender disposing of REO assets, or
 - a seller at a foreclosure sale, and
- those sales in which the borrower will not be an owner-occupant (for example, sales to nonprofit agencies).

5. Closing Certifications and Sales Contracts, Continued

4155.2 6.A.5.e Required Language for the Amendatory Clause to the Sales Contract

When an amendatory clause to the sales contract is required, as indicated in [HUD 4155.2 6.A.5.d](#), the clause must contain the following language:

“It is expressly agreed that notwithstanding any other provisions of this contract, the purchaser shall not be obligated to complete the purchase of the property described herein or to incur any penalty by forfeiture of earnest money deposits or otherwise, unless the purchaser has been given, in accordance with HUD/FHA or VA requirements, a written statement by the Federal Housing Commissioner, Department of Veterans Affairs, or a Direct Endorsement lender setting forth the appraised value of the property of not less than \$_____. The purchaser shall have the privilege and option of proceeding with consummation of the contract without regard to the amount of the appraised valuation. The appraised valuation is arrived at to determine the maximum mortgage the Department of Housing and Urban Development will insure. HUD does not warrant the value or condition of the property. The purchaser should satisfy himself/herself that the price and condition of the property are acceptable.”

The actual dollar amount to be inserted in the amendatory clause is the sales price stated in the contract. If the borrower and seller agree to adjust the sales price in response to an appraised value that is less than the sales price, a new amendatory clause is *not* required. However, the loan application package must include the original sales contract with the same price as shown on the amendatory clause, along with the revised or amended sales contract.

4155.2 6.A.5.f Real Estate Certification

The borrower, seller, and the selling real estate agent or broker involved in the sales transaction must certify

- that the terms and conditions of the sales contract are true, to the best of their knowledge and belief, and
 - that any other agreement entered into by any parties in connection with the real estate transaction is part of, or attached to, the sales agreement.

 - there are no other agreements between parties, and
 - the terms constitute the entire agreement between the parties, and

4155.2 6.B.1.c Lender Responsibility for Determining Mortgage and Note Compliance

Lenders should not seek advance approval of mortgage and Note forms from FHA or the HOCs. Lenders are responsible for determining that the mortgage and Note complies with the requirements in this section.

Direct questions about appropriately interpreting the requirements for mortgage and Note forms to:

Assistant General Counsel for Single Family Mortgages
Department of Housing and Urban Development
451 7th Street, S. W., Room 9240
Washington, DC 20410.

Note: Any requests for changes to the requirements of this section should also be directed to the address above. The FHA does not expect to grant case-by case exceptions.

4155.2 6.B.1.d Mortgage and Note Format

A mortgage or Note may include the

- lender's business name and/or logotype at the top of the form, and
- last revision date to clarify versions for each form being distributed.

Layout and format are at the lender's discretion, where not specified by FHA.

The type or print font size and style should be similar to the mortgages and Notes approved by the

- Federal National Mortgage Association (Fannie Mae), and
 - Federal Home Loan Mortgage Corporation (Freddie Mac).

4155.2 6.B.4.b Using Additional Language

When additional language is added to a model note, and a rider or allonge is *not* provided

- print or type the additional language in the body of the document, or
- incorporate the additional language by using a rider, addendum, or similar type of document.

4155.2 6.B.4.c Mortgage and Note Requirements for ARMs

Use the *Model Adjustable Rate Note Form* in place of the *Model Note Form*, if the loan has an adjustable interest rate (ARM).

The description of the adjustable rate note found on the first page of the *Model Mortgage Form* should be a sufficient description of the debt for recording purposes. However, FHA does allow the lender to add language reflecting the nature of the adjustable rate for the mortgage. The ARM must be fully amortizing and contain amortization provisions that allow for periodic adjustments in the rate of interest charged.

4155.2 6.B.4.i Tax Exempt Financing

When using the *Tax Exempt Financing Rider*, refer to HUD Notice 90-76 for

- instructions to request changes to the rider
- other instructions including a notice to be provided to the borrower, and
- guidance when involved in tax-exempt financing using qualified mortgage bonds as defined in the Internal Revenue Code, or any replacement guidance.

The *Tax Exempt Financing Rider* does *not* apply to financing through

- qualified veterans mortgage bonds, or
- other public or private mortgage bonds which are not qualified mortgage bonds.

**4155.2 6.B.5.a
Applying State
Laws to
Mortgage and
Note Forms** This section and the instructions for the model forms identify some specific adaptations of the model forms that are needed to comply with state laws. Other state laws may require adaptations. Lenders should consult the Fannie Mae and Freddie Mac instructions for guidance on meeting state law requirements when preparing mortgage and Note forms.

The validity and enforceability of the mortgage and Note depends on compliance with state law, even if such law is not reflected in this section. For this reason, FHA emphasizes the need for a lender to use mortgages and Notes that comply with state law.

4155.2 6.B.5.d Special Requirements for Indian Reservations

If the mortgage is insured on Indian land under Section 248 of the National Housing Act, use the *Rider for Section 248 Mortgage* with the *Model Mortgage Form*.

Use the *Construction Rider for Construction/Permanent Mortgage* if the Section 248 mortgage also secures a construction loan.

4155.2 6.B.5.e Special Requirements for Iowa, North Dakota, and Wisconsin

The *Model Mortgage Form* provides requirements for deficiency judgments. Iowa, North Dakota, and Wisconsin are exempted from these requirements because these states permit short-term redemption periods after foreclosure, if lenders waive their rights to deficiency judgments.

Since it is in the department's best interest to have a short-term redemption period, FHA requires that mortgages in these states contain the short-term redemption provisions described in the "Non-Uniform Covenants" of the current approved Fannie Mae/Freddie Mac mortgage forms, using

- Paragraph 23 for North Dakota and Wisconsin, and
- Paragraph 24 for Iowa.

The North Dakota mortgage must include the following text in bold type in the title:

Short Term Mortgage Redemption.

4155.2 6.B.5.f Special Requirements for South Dakota

The table below describes the text that *must* be in the South Dakota mortgage.

4155.2 6.B.5.g Special Requirements for New York and Maine

The New York and Maine Fannie Mae/Freddie Mac mortgage forms are written in “plain English” style, which sometimes uses “I” instead of “Borrower.” When adding non uniform covenants from the New York and Maine Fannie Mae/Freddie Mac forms to the *Model Mortgage Form*

- change “I” to “Borrower”, and
- make any necessary conforming verb changes.

The format and language for material preceding the Uniform Covenants should be based on the Fannie Mae/Freddie Mac forms for other states, provided that the language is in conformity with applicable law.

The borrower and lender must execute a new Note, and either a

- HUD approved Modification Agreement for refinancing with no increase in principal amount, or
- [Form 3172](#), *Fannie Mae/Freddie Mac Consolidation, Extension and Modification Agreement* for other situations.

Copies of the agreements are available from the HOCs. Lenders may use Form 3172, *Fannie Mae/Freddie Mac Form Consolidation, Extension and Modification Agreements* provided that the form is revised as follows:

- remove all references to “Fannie Mae/Freddie Mac” Notes, Uniform Instruments, and Mortgages, and
- replace those references with “Federal Housing Administration.”

4155.2 6.C.1.a FHA Policy on Objections to Title for Customary Easements, Restrictions and Encroachments	<p>Lenders should ensure that any conditions of title to property are acceptable to the FHA. FHA will not object to title because of any common and customary easements, restrictions, encroachments, and other title matters listed in the General Waiver described in 24 CFR 203.389. Such matters are considered minor, and have no measurable adverse effect on value.</p> <p>For this reason, FHA policy states that</p> <ul style="list-style-type: none">• FHA will not object to title in the event the property is conveyed or the mortgage is assigned to FHA• it is unnecessary to contact FHA after endorsement to report the existence of title objections and other matters within the scope of the General Waiver• the lender may rely on the opinion of its attorney concerning what is common and customary, rather than obtain a determination from FHA, and• if a matter of title does not fall under the General Waiver, the lender must obtain a specific waiver of the defect from the appropriate HOC. <p>Reference: For more information on lender responsibilities regarding title objections, see HUD 4155.2 6.A.1.h.</p>

4155.2 6.C.1.b Correcting Property Address Discrepancies

The HOC, in all instances, must determine that the underwriting conclusions were based on the correct property, when the lender, after insurance endorsement

- advises the HOC that the street address shown on the application is incorrect, and
- provides the correct address.

If the change of address is acceptable, the appropriate HOC signs a statement on the lender's original letter, stating that an objection to title *will not* be made because of the change of street address, and returns the letter to the lender.

Note: The HOC may need to recall the endorsed uniform case binder from Central Records.

4155.2 6.C.2.c Title Exceptions not Covered by the General Waiver

Waiver requests not covered by the General Waiver are classified into three groups, as described in the table below.

Request Group	Description
Group 1	Requests involving minor defects that do not impair marketability and value for residential purposes.
Group 2	Requests involving defects having a measurable affect on marketability and value. The existence of title defects in Group 2 does not render the title unmarketable, but may materially affect the value of the property and/or habitability of the home.
Group 3	Requests involving defects in Group 3 are of a character or magnitude that FHA would not accept the title, in the event of an insurance claim.

The table below contains policies for processing title exceptions for Groups 1, 2, and 3.

Group	Title Exception Processing Policy
Group 1	A Direct Endorsement (DE) lender may process and accept Group 1 minor title exceptions with FHA approval. Non-DE lenders must submit a waiver request to the appropriate HOC for review and approval. The HOC notifies the lender in writing when the request is approved.

4155.2 7.2.a UFMIP Amount

The table below lists the percentage of the mortgage amount that FHA charges for a UFMIP for the particular type of mortgage.

Type of Mortgage Loan	UFMIP
Purchase Money Mortgages and Full-Credit Qualifying Refinances	1.75%
Streamline Refinances (all types)	1.50%

Note: The total FHA-insured first mortgage on a property is limited to 100% of the appraised value, and the UFMIP is required to be included within that limit.

4155.2 7.2.b UFMIP Payment Policy

The UFMIP remittance period begins on the date of loan settlement or the date of disbursement of the mortgage proceeds, whichever is later. UFMIP must be paid to FHA in a lump sum within 10 calendar days after the loan is closed.

The UFMIP must be either

- entirely financed into the mortgage, with the mortgage amount rounded down to a whole dollar (with the exception of instances in which the borrower chooses to pay up to 49.99 of the UFMIP in cash, in which case it would not then be reflected in the total mortgage amount), or
- paid entirely in cash and all mortgage amounts must be rounded down to a multiple of \$1.00.

The mortgage amount must be rounded down to a multiple of \$1.00, regardless of whether the UFMIP is financed or paid in cash. The UFMIP amount, that is the total mortgage amount, is not considered when determining compliance with statutory loan limits or LTV limits. The base mortgage amount must comply with the requirements. The total mortgage amount may exceed this limit by the financed UFMIP amount.

Note: Any UFMIP amounts paid in cash are added to the total cash settlement amount.

4155.2 7.2.c UFMIP Late Fees and Interest

If the lender pays the UFMIP beyond the FHA allowable number of days after closing, the lender incurs a late fee. If the UFMIP is paid more than 30 days after closing, the lender incurs a late fee plus interest and both must be paid before FHA will endorse the mortgage for insurance.

FHA also reserves the right to take appropriate enforcement proceedings against lenders paying UFMIPs late, regardless of the lender's payment of late fees and interest.

4155.2 7.2.d Verification of UFMIP Payment Prior to Insurance

For those cases requiring payment of a UFMIP, FHA's Computerized Home Underwriting Management System (CHUMS) verifies whether sufficient UFMIP has been paid. If a sufficient UFMIP has not been received by FHA, the case cannot be insured.

4155.2 7.2.e UFMIP Refunds

Borrowers are entitled to a partial refund of the UFMIP paid at closing if

- their loan closed on or after January 1, 2001, and they were paying off (or refinancing) their FHA loan within 5 years from the date of closing, or
- their loan closed on or after January 1, 1994, but before January 1, 2001, and they were paying off (or refinancing) their FHA loan within 7 years from the date of closing.

If the borrower is refinancing their current FHA loan to another FHA loan within 3 years, a refund credit may be applied to reduce the amount of the UFMIP paid on the refinanced loan.

- wishes to *take action* and seek insurance, the lender is required to contact their MIP representative for instructions on re-applying the refund.

After the funds have been re-applied, the lender must contact the HOC and request that the case be reinstated. After reinstatement of the case, the lender must forward the case to the appropriate HOC for insuring.

4155.2 7.2.i Elimination of Refunds

Effective for those mortgages endorsed for insurance on or after December 8, 2004, Section 223 of the Consolidated Appropriations Act 2005 amended Section 203(c)(2)(A) of the National Housing Act to eliminate refunds of the FHA's UFMIP except when the borrower refinances to another mortgage to be insured by FHA.

LTV Ratio for

Cancellation**

FHA determines when a borrower has reached the 78 percent LTV ratio based on the *lesser* of the

- sales price, or
- appraised value at origination (new appraised values will not be considered).

Example: If the lesser of the sales price or appraised value at origination is \$100,000, when the loan amount reaches \$78,000 FHA no longer collects an annual MIP on the loan.

--------------------	--------------

4155.2 7.4.a FHA Policy on Risk Based Premiums	
---	--

	Effective with new FHA Case number assignments on or after July 14, 2008, FHA implemented risk based premiums on one to four unit single family mortgages. The premiums were based solely on the prospective borrower's credit bureau score and the loan-to-value ratio.
--	--

However, effective October 1, 2008, FHA announced a moratorium on the implementation of the risk based premium policy.

2. Requirements for LI Lender Pre Insurance Review

Introduction This topic contains information on requirements for pre-insurance reviews conducted by lenders participating in the LI Program. It includes information on

- the FHA policy on LI lender responsibility for pre insurance review, and
- required elements of the lender pre insurance review.

Change Date May 10, 2009

**4155.2 8.A.2.a
FHA Policy on
LI Lender Pre
Insurance
Review** LI approval does not alleviate a lender's responsibility for completion of a pre insurance review, nor does the pre insurance review negate the lender's obligation to ensure that a loan is in compliance with all applicable HUD requirements.

FHA policy requires that the same staff that originated or underwrote the mortgage for insurance *cannot* complete the pre insurance review.

Review**

In addition to certifying that all origination documents are retained in either electronic or paper format, the pre-insurance review must consist of the following:

- verification that the loan is current for the month previous to submission for all loans logged by the lender for lender insurance more than 60 days after loan closing
 - review of the note and mortgage/security instrument ensuring that
 - the documents are executed upon forms which meet the requirements of the Secretary
 - the mortgage maturity meets the requirements of the applicable program, and
 - the stated mortgage amount does not exceed the maximum mortgage amount for the area
 - review of form [HUD-92900-A](#), Page 3 for execution of all appropriate certifications by the underwriter or lender representative
 - review of the property appraisal and any additional documentation supporting the appraised value
 - review of form [HUD-92544](#), Warranty of Completion, for proposed construction cases
 - inclusion of an executed form [HUD-92561](#), *Borrower's Contract With Respect to Hotel and Transient Use of Property*, for all 2-4 unit properties, when applicable
 - inclusion of a certificate of intent to occupy by military personnel, when applicable
 - inclusion of an approval letter from the local health authority indicating approval of the individual water or sewer system
 - inclusion on proposed construction, if the mortgage exceeds 90 percent loan-to-value ratio, of evidence that the lender qualifies for a higher ratio loan under one of the applicable provisions in the appropriate regulations
 - verification that no mortgage insurance premium (MIP), late charge or interest is due, and
 - clearance of all applicable case warning messages.

4155.2 8.B.1.c Requirements When There Are Delays in Uniform Case Binder Submission

When there is a delay in submitting the case binder or in closing the loan, the lender must comply with FHA's policy on late requests for endorsement as described in [HUD 4155.2 8.C.7](#).

4155.2 8.B.1.d Uniform Case Binder Requirements

Lenders must prepare and submit a uniform case binder to the appropriate HOC. The case binder must be purchased from private sources and must meet FHA specifications and contain documents arranged as described in [HUD 4155.2 8.B.2](#). The lender must

- complete the front of the binder, and
- write the case number on the side and bottom tabs of the binder.

The lender may use the remaining space on the side tab for its own use (for example, for entering the borrower's name and address, and loan number).

4155.2 8.B.1.e Use of Copies in the Uniform Case Binders

FHA considers all documents submitted in the uniform case binder as the certified and true copies of the original documents. Therefore, it is not necessary for the lender to

- stamp or otherwise mark that the documents in the case binder are certified and true copies, or
- submit any separate certification for the documents.

The lender may submit in the case binder legible photocopies of the original documents or legible printed copies of imaged or electronic documents.

4155.2 8.B.1.f HOC Actions Upon Receipt and Review of the Uniform Case Binder

Upon receipt of the uniform case binder, the HOC conducts a pre-endorsement review to determine if

- the request for endorsement and the case binder are complete, and
- all of the necessary documents are presented and signed.

The table below indicates the actions taken by the HOC upon conclusion of the pre endorsement review.

If the uniform case binder ...	Then the HOC ...
<i>meets</i> FHA guidelines	<ul style="list-style-type: none"> • completes endorsement processing, and • issues an electronic MIC, acknowledging that FHA has insured the mortgage. <p>Note: The lender may print or download the MIC from the FHA Connection.</p>

4155.2 8.B.5.a Requirement for Obtaining Firm Commitment	An underwriting lender who is not yet unconditionally approved for DE must submit their loans to the appropriate HOC for review and issuance of a Firm Commitment prior to closing. The property and credit documents must be submitted in an FHA case binder, in the order specified in HUD 4155.2 8.B.2 (excluding the closing documents). After FHA staff issues a Firm Commitment, the loan may be closed.

**4155.2 8.B.7.a
When an LI
Lender May
Need to Submit
a Case Binder**

While a lender participating in the LI Program generally does not need to submit case binders for endorsement, there may be occasions when the lender may be required to submit a case binder, such as instances in which

- a loan-level data submission does not clear FHA system edits and the lender is unable to correct the deficiency, or
 - a case binder is selected by FHA for PETR.
-

4155.2 8.B.7.b LI Lender eCB Submission Requirements

Lenders participating in the LI Program may choose to submit either paper or electronic case binders (eCB) to HUD when a case binder is requested.

Once a lender chooses the electronic case binder option, the first five requests for endorsement that the lender submits result in a request from FHA for the digitized case binder. This quality control measure is used to make certain that the lender is able to transmit an acceptable digitized case binder for FHA review.

The eCB must include all of the documents previously required in hard copy binders submitted for endorsement, as discussed in

- [HUD 4155.2 8.B.2.b](#), and
- the LI Program page at <http://www.hud.gov/offices/hsg/sfh/lender/lendins.cfm>

Note: The standards for indexing requirements of the documents within the eCB may also be found in the eCB Developers Guide.

Lender
Requirements
for Record
Keeping**

Each LI lender must maintain their origination binder in either hard copy or electronic format for two years from the date of endorsement. Servicing lenders must maintain the case binder for a period of two years beyond the life of the loan.

Lenders retaining electronic case binders (eCB) need not maintain a separate version of the eCB indexed for electronic submission to HUD. However, if HUD requests a case binder which is maintained electronically, the lender must follow standards and procedures set forth in the eCB Developers' Guide for submission of the eCB to HUD.

4155.2 8.C.1.a HOC Loan Processing Tasks The table below describes the stages of loan processing performed by the HOC upon receipt of a uniform case binder from the lender.

Stage	Description
1	The HOC logs receipt of the uniform case binder into the Computerized Home Underwriting Management System (CHUMS).
2	The HOC checks to ensure that the case has been submitted in an acceptable case binder that meets FHA requirements. If not, the HOC returns the case binder to the mortgage lender. <i>Note:</i> At this point in processing, the HOC does not do any processing or analysis of the case file.

4155.2 8.C.1.c Types of Loan Endorsement Reviews

Lender compliance with FHA criteria is monitored via

- pre endorsement reviews, which are performed by either
 - FHA staff or contractors, or
 - lender staff, for participants in the Lender Insurance program, and
- post endorsement technical reviews (PETRs), which are performed
 - after loan closing and endorsement, and
 - by FHA staff or contractors.

Notes:

- FHA determines a specific percentage of endorsed lender files on which to conduct a PETR and selects lender files by computer based on
 - risk factor indicators, and
 - other HOC-identified factors.
- FHA also uses pre closing “test” case reviews to ensure lender compliance. Pre closing “test” files are subject to underwriting review and approval by HOC staff prior to loan closing.

4155.2 8.C.1.d Purpose of the Pre Endorsement Review

During pre endorsement review, files are reviewed to ensure

- that they comply with FHA documentation requirements
- that forms and certifications are properly executed, and
- the integrity of the data (FHAC and AUS when applicable).

The pre-endorsement review results in approval and endorsement of the mortgage after a satisfactory review of specific documents.

Notes:

- Additional review and documentation may be required if FHA has reason to suspect fraud or misrepresentation (including negligent misrepresentation) in any of the documents submitted.
 - The pre endorsement review is performed in accordance with
 - the requirements for case binder submission described in [HUD 4155.2 8.B](#), and
 - the requirements for loan endorsement described in this section.
-

4155.2 8.C.1.e Purpose of the PETR

The PETR is one of several monitoring tools that FHA uses to measure lender compliance with FHA risk analysis and underwriting approval criteria as well as closing conditions and regulations. The PETR includes a review of

- property underwriting (a Field Review of the appraiser/appraisal may be generated as a result of the property underwriting/desk review)
- credit underwriting and loan approval
- risk analysis
- closing, in accordance with loan approval
- documentation, and
- data integrity (FHAC and AUS, if applicable).

2. Non LI Loan Endorsement Processing, Continued

4155.2 8.C.2.c Handling Loans That Are Ineligible for Endorsement

If it is determined that the mortgage is ineligible for insurance endorsement, FHA issues an electronic Non-Endorsement Notice/Notice of Return (NOR) on the Case Query screen in the FHAC and includes the reasons for non-endorsement and any corrective actions that the lender must take.

If the case is permanently rejected for insurance endorsement, the NOR must include an instruction to the lender to notify the borrower

- that he/she does not have an FHA-insured loan, and
- about the circumstances that made the loan ineligible for FHA insurance.

The lender must also

- obtain a refund of both the Upfront Mortgage Insurance Premium (UFMIP) and any periodic MIP paid by the borrower, or on behalf of the borrower, and
- apply the refund to the principal balance of the loan.

Note: Space is limited on the Case Query screen, so it is possible that the complete reason for the NOR may not be visible. The lender must wait to receive the return case binder prior to responding to the NOR. Responses are not acceptable without the case binder.

Only cases that FHA's data system detects have severe case warnings (for example, a CAIVRS exception, SSN not verified, some text messages) are requested for FHA review.</p> <p>Under this exception processing procedure, the case binder must be submitted to FHA for a pre-endorsement review, unless the lender is able to correct the deficiency and resubmit the endorsement data through the automated data verification. If the resubmission is successful, the mortgage is eligible to be processed through LI, and the lender can endorse it for insurance and generate an eMIC. If the lender cannot correct the deficiency, the system withholds the lender's ability to endorse the mortgage loan until the stated deficiencies are corrected.</p> <p>Note: For those mortgage insurance applications that the lender is unable to endorse due to system edits or other reasons, FHA requires the case binder for FHA to conduct a pre-endorsement review of the file. Such mortgage insurance applications cannot be approved until FHA has reviewed the case binder and determined insurance eligibility.</p>

5. Excessive Loan Amounts

Introduction This topic contains information on handling excessive loan amounts when submitting a case for endorsement, including

- obtaining an MIC when there is an excessive loan amount
 - loans exceeding the statutory loan limit
 - loans exceeding the maximum allowable amount, and
 - lender advancement of the principal loan reduction.
-

Change Date May 10, 2009

**4155.2 8.C.5.a
Obtaining an
MIC When
There Is an
Excessive Loan
Amount** An excessive loan amount occurs when the lender closes a loan in an amount higher than what is permitted by FHA requirements. In order to obtain a Mortgage Insurance Certificate (MIC), the lender may choose to either

- pay down the principal amount, or
- re close the loan to an insurable amount.

Note: The lender must provide a copy of the payment ledger, showing that the principal balance has been paid down to an insurable amount.

Continued on next page

5. Excessive Loan Amounts, Continued

4155.2 8.C.5.b Loans Exceeding the Statutory Loan Limit

For loans in which the loan amount exceeds the statutory loan limit

- FHAC/CHUMS automatically rejects the case for endorsement
- FHA issues a Non-Endorsement Notice, commonly known as a Notice of Rejection (NOR), to the lender and returns the uniform case binder to the lender with instructions to provide evidence that the principal balance is reduced to an insurable amount, and
- upon receipt of the evidence that the principal balance has been reduced to an insurable amount, FHA electronically issues the MIC with the reduced mortgage amount.

Note: Depending upon the size of the principal reduction, the monthly principal and interest payment amount on the MIC may or may not match the Note. The MIC must *not* be manually changed to agree with the Note. If the lender wants the MIC to match the Note, the loan must be reclosed or amended to an insurable amount.

4155.2 8.C.5.c Loans Exceeding the Maximum Allowable Amount

If, during the post endorsement technical review, FHA determines that a loan amount exceeds the maximum allowable (but does not exceed the statutory limit), or exceeds the maximum allowable LTV ratio, the appropriate HOC must require the lender to provide, within 30 days of the date of the letter or notification, evidence that the principal loan balance has been paid down to an insurable amount.

If the lender does not respond within 30 days (does not return the MIC to FHA for correction), the HOC may take appropriate sanctions.

If a claim is presented to FHA, only the existing principal balance and other permissible costs will be considered by FHA for payment of the claim.

4155.2 8.C.6.b Requesting and Downloading the MIC

When requesting the MIC, the lender is required to specify whether the MIC is to be prepared in the name of the

- Originator (Loan Correspondent), or
- Sponsor.

When FHA endorses a loan and issues the MIC, the lender downloads the electronic MIC from the FHAC.

Note: The name on the MIC is the name of either the originator or sponsor as it appears on HUD's systems.

4155.2 8.C.6.c Requesting Corrected and Duplicate MICs

The electronically issued MIC eliminates the need to request duplicate MICs because lenders can download and print copies as needed.

Lenders *cannot* obtain corrected MICs through the FHA Connection.

4155.2 8.C.6.h ARM Type Indicators

In addition to the ADP suffix codes assigned to ARMs, a hybrid ARM-type indicator has been added to the FHA Connection.

When submitting loan data to FHA via the FHAC, or its functional equivalent, if an ARM is indicated by an ADP code, the lender must also identify the type of ARM by selecting the one-, three-, five-, seven-, or ten-year ARM-type indicator.

Note: Using this process is likely to result in fewer errors than adding additional ADP codes for each individual hybrid ARM offering.

4155.2 8.C.7.a FHA Criteria for Determining Late Requests for Insurance Endorsement	<p>A request for insurance endorsement is considered “late” when the case binder is received by the HOC more than 60 days after loan settlement or funds disbursement, whichever is later.</p> <p>Late requests trigger the need for additional documentation. 4155.2 8.C.7.b Evaluating a Late Endorsement Request

When a case involving a late request for endorsement is received, FHA reviews the lender's certification and determines whether to accept or reject the request. If the FHA review indicates that the degree of risk to HUD is not greater than what existed at the time of closing, the mortgage may be endorsed.

A mortgage that is in default when submitted for endorsement will *not* be insured *except* in those instances where FHA was demonstrably responsible for a delayed request. If the appropriate HOC determines that the delay in submission was FHA's fault, the lender is *not* required to submit the additional documentation described in [HUD 4155.2 8.C.7.c](#).

4155.2 8.C.7.c Requirements for Late Endorsement Request Certification

When submitting a late request for endorsement under the circumstances described below, the lender is required to include a dated certification, with an original signature of a representative of the lender on company letterhead, which includes the lender's complete address and telephone number.

The certification must be specific to the case being submitted, identifying the FHA case number and the name(s) of the borrower(s) and must state that

- at the time of the certification, no mortgage payment is currently unpaid more than 30 days
- all escrow accounts for taxes, hazard insurance and mortgage insurance premiums are current and intact, except for disbursements that may have been made to cover payments for which the accounts were specifically established, and
- the lender or its agents did not provide the funds to bring and/or keep the loan current or to bring about the appearance of an acceptable payment history.

Important: If the payment due for the month *before* the lender submitted the loan for endorsement has yet to have been received, the loan is *not* eligible for endorsement.

7. Late Requests for Endorsement, Continued

4155.2 8.C.7.d Sanctions for False Certifications

Individuals found making false certifications may have administrative sanctions taken against them, including, but not limited to

- debarment from participation in HUD's and other Federal agency programs
- civil money penalties, and
- Program Fraud Civil Remedies Act sanctions.

Reference: For more information on lender sanctions, see [HUD 4155.2 9.D.](#)

4155.2 8.C.7.e Cases Submitted for Reconsideration After Receiving an NOR

If the appropriate HOC returns a uniform case binder to the lender by issuing an NOR or subsequent NOR, the HOC must receive the reconsideration request for insurance endorsement within the original 60-day period, or 30 days from the date of issuance of the original NOR, whichever is greater.

The lender must comply with the procedures for late requests for endorsement found in [HUD 4155.2 8.C.7.c](#) if either

- the lender's reconsideration request is received after the expiration of the applicable date, or
- the issuance of a subsequent NOR results in the lender's resubmission being received after the applicable date.

4155.2 8.C.7.f Examples: Late Endorsement Processing/ Certification Requirement

Mortgage Loan Details:

Mortgage closed on June 4th with first payment due on August 1st.

Lender Case Submission Scenario 1:

No certification is required if the mortgage insurance application is received for endorsement on or before August 31st. However, the certification *is* required if

- the mortgage case binder is sent back to the lender due to a NOR, and
- the lender is not able to respond correctly before the later of 30 days or when the certification period begins (September 1st, in this example).

Lender Case Submission Scenario 2:

If the mortgage is received for endorsement in the HOC on or after September 1st (or the first business day after that date), then the lender must provide the endorsement certification.

Overview

Introduction

This section contains the topic “*General Information on Lender Monitoring.*”

1. General Information on Lender Monitoring

Introduction	This topic contains general information on lender monitoring, including
---------------------	---

- the importance of DE Lender Program monitoring
 - lender monitoring tools, and
 - types of lender sanctions.
-

Change Date	October 26, 2009
--------------------	------------------

4155.2 9.A.1.a Importance of DE Lender Program Monitoring	Because the FHA substantive review of a loan occurs after the mortgage is endorsed, it is imperative that the lender's performance be continually monitored, and that action, when necessary, be taken by the appropriate Homeownership Center HOC as soon as underwriting deficiencies are identified.
--	---

The objective of the HOC action is to

- reduce the risk of defaults and claims to FHA
 - improve lender performance, and/or
 - remove non-complying lenders from the program.
-

4155.2 9.A.1.b Types of Lender Monitoring Tools	<p>HOCs monitor the performance of lenders by</p> <ul style="list-style-type: none">• conducting on-site and remote lender reviews• conducting Post Endorsement Technical Reviews (PETRs) of insured loans• analyzing Mortgagee Performance Reports and Underwriting Report System (URS) reports available through FHA Connection (FHAC)• analyzing default and claims data from Neighborhood Watch Early Warning System reports available through FHAC• following up on construction complaints or consumer complaints, and• sharing information among themselves, FHA Headquarters, and the Mortgagee Review Board (MRB).
--	--

Important: Lenders must regularly update their information in FHAC regarding their offices and officers, to facilitate reviews and recertification.

4155.2 9.B.1.c HOC PETR Responsibilities

HOCs must provide meaningful, constructive analysis of each case that is subject to a PETR to ensure that the risk of the loan is assessed and that quality underwriting and closing is maintained. When conducting a PETR, the reviewer

- assesses whether the loan represents an unacceptable level of risk to the FHA insurance funds
- assesses how well the underwriter
 - arrived at his/her decisions
 - addressed inconsistencies and problems
 - made reasonable conclusions, based on the information and documentation in the case, and
 - complied with FHA guidelines
- assigns ratings to the Mortgage Credit and Valuation aspects of the lenders' underwriting and loan closing, and
- enters the rating information into the Underwriting Report System (URS) in FHA Connection.

Reference: For more information on PETR ratings, see [HUD 4155.2 9.C.2](#).

4155.2 9.B.1.d LI Lender Submission Requirements for Case Binders Selected for PETR

For those mortgage insurance applications that the lender endorses for insurance through the LI program that receive an electronic notice of intent to review, the lender must provide the case binder, either in paper or digitized format, depending on which process the lender has chosen, within 5 business days of FHA's transmittal of its request.

Failure to submit 5 or more requested case binders to the applicable HOC will result in a suspension of the lender's eligibility to submit files under the LI program until the lender submits the case binders in a satisfactory manner.

3. Underwriting Report System (URS) Reports

Introduction This topic contains information on URS reports, including

- a description of the URS reports
 - URS report requests and retrieval, and
 - a listing of the available URS reports.
-

Change Date May 10, 2009

4155.2 9.B.3.a Description of URS Reports The Underwriting Report System (URS) is the system into which all PETRs are entered upon completion of the review. The URS generates reports that provide detailed and summary data on the results of PETRs.

Reference: For more information on URS and PETR data entry, see [HUD 4155.2 9.C.3](#).

4155.2 9.B.3.b URS Report Requests and Retrieval FHA staff may request URS reports by using the Report Request function in FHAC. The FHAC Report Retrieval function is used, later in a given day, to either

- retrieve the report, or
- check to see whether the request for the report is completed.

Reports can be retrieved in Portable Document Format (.pdf) or Microsoft® Excel file (.xls) format. Completed reports are maintained for fifteen days.

4. Onsite and Remote Lender Monitoring Reviews, Continued

4155.2 9.B.4.c Performance of Onsite and Remote Lender Monitoring Reviews

The HOC Quality Assurance Division (QAD) conducts onsite and remote reviews. These reviews consist of

- interviews with lender officials and their employees
- interviews with loan participants, including employers, gift donors, buyers, and appraisers
- an analysis of the lender's FHA-insured portfolios, and
- an analysis of the lender's origination and/or servicing policies.

4155.2 9.B.4.d Elements of the Review

The areas covered by the onsite and remote review include, but are not limited to

- implementation of a Quality Control Plan
- proper verification of all income, assets, and liabilities utilized to underwrite and approve the loan
- proper verification as to the adequacy and source of funds used for the borrower's required minimum investment
- proper calculation of the maximum mortgage amount
- accuracy and completeness of the Form [HUD-1](#), *Settlement Statement*
- proper endorsement of loans via Lender Insurance or submission to the HOC
- timely payment of mortgage insurance premiums
- compliance with reporting requirements under the Home Mortgage Disclosure Act (HDMA)
- evaluation of rejected loans and loan pricing for possible discriminatory practices, and
- compliance with servicing requirements.

4155.2 9.B.4.e Lender Notification at Conclusion of Review

At the conclusion of the onsite and remote lender monitoring review, any findings are discussed with the lender. QAD also prepares a letter to the lender that

- outlines any deficiencies or other findings
- specifies any loans for which Indemnification Agreements are requested, and
- stating that the lender is required to respond to any identified findings.

Reference: For more information on Indemnification Agreements, see [HUD 4155.2 9.D.4](#) and/or contact the HOC QAD.

-

Change Date	May 10, 2009
--------------------	--------------

4155.2 9.B.6.a Pre Closing Test Cases	Pre closing test cases provide the ability to review lender underwriting prior to loan closing and endorsement. Whether for new lenders seeking Unconditional DE authority for the first time, or lenders who have been placed on probation, pre closing test cases allow HOC staff to assess the knowledge and judgment of lender underwriters.
--	--

4155.2 9.B.6.b Complaints	Complaints received from borrowers, counseling agencies, appraisers, or other lenders can assist HOC staff in identifying problems potential fraud, or abuse.
--------------------------------------	---

A pattern of complaints may lead to an increase in PETRs or other actions by the HOC.

4155.2 9.B.6.c Prior Lender Sanctions	When problems, complaints, or other performance issues arise, a review of any prior lender sanction imposed may provide background and other helpful information for addressing current issues.

2. PETR Ratings

Introduction This topic contains information on the PETR ratings, including

- risk-based evaluation of loans, and
 - PETR ratings.
-

Change Date May 10, 2009

4155.2 9.C.2.a Risk-Based Evaluation of Loans Recent changes have been made to FHA's loan review process in order to clearly identify which loans pose too great a risk to FHA and which loans contain errors or other deficiencies.

Reference: For information on PETR rating guidance, see [HUD 4155.2 9.C.2.b](#).

4155.2 9.C.2.b PETR Ratings The reviewer conducting the PETR assigns one of the ratings in the table below to both the Mortgage Credit and the Valuation underwriting.

Rating	Description
Conforming	<p>The loan presents an acceptable level of risk, and no documentation deficiencies or processing errors were identified.</p> <p>The basic eligibility of the borrower and/or property for FHA mortgage insurance are not questioned.</p>

Continued on next page

2. PETR Ratings, Continued

4155.2 9.C.2.b PETR Ratings (continued)

Rating	Description
Deficient	<p>The loan presents an acceptable level of risk, but documentation deficiencies or processing errors were identified. FHA expects the lender to correct these deficiencies and errors in future submissions. Lenders that are consistently deficient are subject to HOC actions to improve compliance with FHA requirements.</p> <p>The basic eligibility of the borrower and/or the property for FHA mortgage insurance are not questioned.</p>
Unacceptable	<p>The loan exhibits such serious violations of FHA requirements and, therefore, poses such a level of risk to the Department, that it should not have been approved. This rating may also occur when the file is missing key documents necessary to determine whether the underwriting was performed appropriately in compliance with FHA standards.</p> <p>The borrower and/or the property do not meet the basic eligibility criteria for FHA mortgage insurance.</p>
Mitigated	<p>Based on the initial review, the loan was rated Unacceptable. If the lender, in response to a request from HUD, provides explanations and/or additional documentation that mitigates the risk, then the “Unacceptable” rating is changed to mitigated.</p> <p>If there was more than one code cited in the Unacceptable rating, all factors must be mitigated in order for the rating to be changed.</p>

Note: There are no automatic ratings. Rather, the reviewer must make an overall determination of the level of risk represented by the loan, and assign a rating accordingly.

4155.2 9.C.3.a Accessing the URS Module All data in connection with PETRs must be entered into the Underwriting Report System (URS). The URS data entry screens provide for the entry of overall ratings, deficiency codes, and narrative in connection with a PETR.

The URS module is found under the Single Family Origination Menu in FHA Connection.

Reference: For more information on URS and URS reports, see [HUD 4155.2 9.B.3](#).

4155.2 9.C.3.b PETR Review Levels The table below describes the four levels of review that may be completed for a loan.

Note: For the Lender Insurance program, the review requirements are the same, however, on the LI case binders (loans), URS displays an *Integrity Review of Endorsement Data* field before the initial review level is performed.

Review Level	Description
Initial	<p>The initial review level is completed for the first PETR of a loan.</p> <p>Note: The initial review level may be completed by HOC staff or by a contractor.</p>
Quality Control	The Quality Control level is used to enter the results of quality control reviews of the initial reviews performed by contractors.

Introduction This topic contains information on deficiency letters and lender responses, including

- the requirement for issuing a deficiency letter, and
 - HOC processing of lender responses.
-

Change Date May 10, 2009

4155.2 9.C.4.a Requirement for Issuing a Deficiency Letter The HOC *must* issue a deficiency letter to the lender for *each* loan receiving a rating of Unacceptable for Mortgage Credit and/or Valuation underwriting. The letter must

- identify the specific deficiencies upon which the unacceptable rating was based, and
- provide the lender with 30 days, unless an extension is granted, to submit a response, including any explanations or documentation explaining the decision to approve the mortgage.

Note: The HOC may extend the time period for the lender's response based on requests from the lender or other factors. Failure to respond satisfactorily may result in a request from the HOC to indemnify the Department against loss.

4155.2 9.C.4.b HOC Processing of Lender Responses The HOC must review the lender's response and any additional documentation provided by the lender, and take one of the actions listed in the table below.

2. Lender Probation

Introduction This topic contains information on lender probation, including

- the applicability of the probation sanction
- elements of lender probation
- lender notification of probation
- the effective date of the probation, and
- the reasons for returning a lender to pre closing review status.

Change Date May 10, 2009

**4155.2 9.D.2.a
Applicability of
the Probation
Sanction** The probation sanction is applied to the mortgage lender's office (branch or main) that submitted the non complying cases. The sanction generally applies to an

- individual branch or home office of a mortgage lender, and
- individual field office jurisdiction.

However, the HOC has discretion to impose the sanction against all of a lender's offices, or all offices within a field office jurisdiction.

**4155.2 9.D.2.b
Elements of
Lender
Probation** When a mortgage lender's main or branch office fails to comply with DE Program requirements, the HOC may place the office on probation. The sanction imposed under the lender probation must depend upon the seriousness of the problems and deficiencies exhibited by the lender. A return to pre closing status is viewed as the most serious sanction.

The table below lists the various elements that may be involved in a lender's probation.

Probation Element	Description
Training	The mortgage lender's underwriter, or other technical staff, may be required to attend appropriate training sessions.
Technical Reviews	The HOC may increase the percentage of lender cases subject to technical reviews.

Probation Element	Description
Pre-closing Review Status	<p>The HOC may</p> <ul style="list-style-type: none"> • place a mortgage lender back in pre-closing review status, • subject the lender's cases to technical underwriting reviews and firm commitment processing prior to endorsement. <p>Pre closing review status continues until the</p> <ul style="list-style-type: none"> • mortgage lender corrects underwriting deficiencies, or • mortgage lender's DE approval is withdrawn. <p>Reference: For information on reasons for placing a lender in pre closing review status, see HUD 4155.2 9.D.2.e.</p>
Lender Audit	<p>The HOC may require the mortgage lender to perform a review or audit of its underwriting processes and report results to the HOC.</p> <p>The HOC may also conduct an on-site mortgage lender monitoring review.</p>
Quality Control Plan	The HOC may require the mortgage lender to make changes to its Quality Control Plan.

4155.2 9.D.2.c Lender Notification of Probation

A written notice of the probation action must be sent by the HOC to the mortgage lender. The probation notice explains the

- probation elements being applied, and
- non-complying action that precipitated the probation.

Reference: For more information on the format for the probation letter, see [HUD 4155.2 12.C.4](#).

**4155.2 9.D.2.d
Effective Date
of Probation**

Lender probation is effective immediately upon the receipt of the HOC notification letter by the mortgage lender.

**4155.2 9.D.2.e
Reasons for
Returning a
Lender to Pre
Closing Review
Status**

The HOC must return a lender to pre closing review status under the circumstances listed below.

- A lender's branch or only office has had 20 percent or more of its PETR cases rated Unacceptable for two consecutive quarters. (*Note:* The lender must have had at least 50 cases subjected to PETRs during each quarter, or such lower number as established by the HOC).
 - After review of a lender's cases, the
 - HOC identifies a pattern of fraud of which the lender was aware, or should have been aware, and
 - QAD has recommended that the lender be returned to pre closing status based on the results of on-site or other reviews conducted of that lender.
-

3. Withdrawal of Direct Endorsement (DE) Authority

Introduction	This topic contains information on the withdrawal of DE lender status and/or FHA approval, including
---------------------	--

- the policy on withdrawing DE lender approval status
 - notification of the Withdrawal of DE lender status
 - the effective date of the DE lender status withdrawal
 - the lender/HOC informal conference and follow-up
 - MRB withdrawal of FHA basic approval, and
 - the effect of the withdrawal of DE and/or FHA approval on cases in process.
-

Change Date	May 10, 2009
--------------------	--------------

4155.2 9.D.3.a Policy on Withdrawing DE Lender Approval Status	The HOC may withdraw the DE lender approval of any mortgage lender branch office that demonstrates a pattern or practice of failing to comply with FHA underwriting guidelines or other program requirements.

3. Withdrawal of Direct Endorsement (DE) Authority, Continued

**4155.2 9.D.3.b
Notification of
Withdrawal of
DE Lender
Status**

The HOC must send written notice of the withdrawal of DE lender status to the mortgage lender. The notice

- is sent and applies specifically to the mortgage lender office that submitted the non-complying cases
- states the grounds for action, and
- informs the mortgage lender of the right to an informal conference before the decision-making HOC.

Note: Copies of the notice are sent to the

- Office of Lender Activities and Program Compliance (OLAPC), and
- Single Family Development Division.

References: For more information on

**4155.2 9.D.3.c
Effective Date
of the DE
Lender Status
Withdrawal**

DE lender status withdrawal is effective immediately upon receipt of the notice by the lender.

**4155.2 9.D.3.d
Lender/HOC
Informal
Conference and
Follow Up**

The purpose of the informal conference between the lender and the HOC is to provide the mortgage lender with the opportunity to

- address the grounds for the action as stated in the notice
- make documentary and oral presentations, and
- advise the HOC decision maker as to what, if any, actions have been taken to address the problems identified.

Following the informal conference, the HOC decision-maker advises the mortgage lender, in writing, as to whether the withdrawal is rescinded, modified, or affirmed.

4155.2 9.D.3.e
MRB
Withdrawal of
Basic FHA
Approval

The Mortgagee Review Board (MRB) reviews cases of serious non-compliance with DE program requirements and may issue a letter of reprimand, probation, suspension or withdrawal of any lender in violation of FHA requirements or the non-discrimination requirements of the ECOA, the Fair Housing Act, or Executive Order 11063. Only the MRB, and *not* a HOC, may withdraw a lender's basic FHA approval. Withdrawal of basic FHA approval applies to all offices of the mortgage lender.

Withdrawn FHA approval means that the mortgage lender may not originate, service, or purchase any FHA-insured mortgages.

Reference: For information on applying for basic FHA approval, see [HUD 4155.2 2.A.1.d](#).

4155.2 9.D.3.f
Effect of
Withdrawal of
DE and/or FHA
Approval on
Cases in
Process

A mortgage involving a borrower, whose application was approved on or before the date that the mortgage lender received notification of the withdrawal of its DE approval or FHA approval, may be closed under the DE Program and submitted to FHA for endorsement.

All other applications in process must be transferred to another DE-approved mortgage lender for completion of processing, submission and endorsement.

1. General Information on Changes After Insurance Endorsement

Introduction	This topic contains general information on changes after mortgage insurance endorsement, including

- the effect of changes on the existing contract of insurance, and
 - compliance with regulations when allowing changes.
-

Change Date	May 10, 2009
--------------------	--------------

4155.2 10.A.1.a Effect of Changes on the Existing Contract of Insurance	The lender and borrower may agree to change the mortgage terms (loan modification) or otherwise change the nature of the obligation or the security (property) after the mortgage has been insured.
--	---

When this occurs, and such practice is acceptable under state laws, the existing contract of insurance remains in effect.

4155.2 10.A.1.b Compliance With Regulations When Allowing Changes	Lenders are reminded that when making decisions as to whether to allow a change to an existing mortgage, they are expected to abide by
--	--

- the Fair Housing Act
- the Equal Credit Opportunity Act (ECOA)
- Executive Order 11063, and
- the FHA regulations issued pursuant to these authorities.

2. Changes Allowed/Not Allowed After Insurance Endorsement

Introduction This topic contains information on changes allowed/not allowed after insurance endorsement, including

- types of changes that *may* be allowed but that require prior FHA approval
- the FHA policy on approving a change in first payment date and/or maturity
- the FHA policy on requests for an increase in value, and
- requests to amend an application to include special assessments.

4155.2 10.A.2.b FHA Policy on Approving a Change in First Payment Date/Maturity

If, after the loan is insured, a request is received to postpone the first payment date and/or maturity date, it is the policy of FHA to approve, in justified cases, the correction of delinquencies that occurred prior to insurance. This is done by postponing the date of the first payment. However, FHA does *not* approve the correction of delinquencies that occur *after* insurance.

To effectuate requests for a postponement of the first monthly payment due date, the appropriate HOCs are authorized to consent to a postponement of said date not to exceed 30 days after the date of endorsement. The new first monthly payment due date must be entered into CHUMS.

When occupancy of the property by the borrower is delayed because of delays of construction or other circumstances beyond the borrower's control—and the mortgage has already been recorded—the lender may request FHA approval to change the maturity date of the mortgage.

If a request for FHA approval is received *prior* to insurance and appears to be reasonable, the appropriate HOC may authorize insurance of the mortgage.

4155.2 10.A.2.c FHA Policy on Requests for an Increase in Value

FHA does *not* accept requests for an increase in value after a mortgage is insured.

4155.2 10.A.2.d Requests to Amend an Application to Include Special Assessments

If a request to amend an application to include special assessments (which were liens prior to endorsement for insurance) is received after the mortgage has been insured, the lender must be advised that it is impossible to grant such a request. The terms of the Regulations under which a mortgage is insured govern the rights of the lender from the date of such insurance.

For previously insured mortgages, some lenders

- require a waiver letter in connection with customary building and use restrictions, and
- also include requests for statements that certain special assessments payable in future installments have been considered by the FHA in determining value.

In reply to such lender requests for these statements, it is important that these statements be limited to the building and use restrictions, and *not* include the assessments.

HOCs are *not* authorized to provide waivers on assessments after the mortgage is insured.

Certain types of errors can be corrected in some jurisdictions without destroying the identity of the original note and, therefore, without requiring the submission of new instruments for endorsement.

Because all types of errors cannot be described in this handbook, lenders must request guidance from the HOC for individual cases.

Background
Information on
a Change in
Home Location**

Following insurance of a mortgage, it may be to the advantage of the borrower, lender, and the FHA to remove the home from the lot upon which the appraisal for mortgage insurance was based.

Reference: For more information on relocating a home, see [HUD 4150.1](#), *Valuation Analysis for Home Mortgage Insurance*.

**4155.2 10.B.1.b
Lender Request
Requirements**

To request a change in the location of a home after insurance, the lender must

- prepare a supplementary case binder containing
 - the lender's request, and
 - supporting documentation (such as, architectural exhibits, a copy of the permit, and a description of materials), and
 - submit the binder/request to the HOC for processing.

4155.2 10.B.1.c Processing a Non Emergency Request for a Change in Home Location

Follow the steps in the table below to process a request from a lender for a change in the location of a home after insurance.

Note: The HOC performs this procedure.

Step	Action
1	Upon receipt of the request from the lender, obtain any additional information, if needed.
2	Analyze the proposal.
3	Determine whether or not the change of home location is acceptable to FHA. Is the change of location acceptable to FHA? <ul style="list-style-type: none"> • If <i>yes</i>, go to Step 5. • If <i>no</i>, go to Step 4.
4	If the change in location is <i>unacceptable</i> <ul style="list-style-type: none"> • notify the lender • do not maintain the supplementary binder • retain a copy of the HOC decision in the loan servicing file, and • this completes this procedure.

1. When FHA Approval Is or Is Not Required for a Partial Release of Security

Introduction

This topic contains general information on when FHA approval is or is not required for a partial release of the property securing an insured mortgage, including

- the lender's rights under the original contract
 - conditions under which FHA approval is not required
 - government actions for which FHA approval is not required, and
 - requirements for release requests when FHA approval is required.

Lender's Rights
Under the
Original
Contract**

When FHA approves the release of a portion of the property securing an insured mortgage, the lender's rights under the original contract for insurance are *not* affected.

**4155.2 11.1.b
Conditions
Under Which
FHA Approval
Is Not Required**

Per [24 CFR 203.389\[n\]](#), FHA approval is *not* required for the voluntary or involuntary partial release of the security provided that *all* of the following conditions are met:

- the portion of the property being conveyed does not exceed 10 percent of the area of the mortgaged property
- there is no damage to existing structures or other improvements, and there is no unrepaired damage to sewer, water, or paving
- all of the payment received as compensation for the taking of the property is applied to reduce the unpaid principal balance of the mortgage, and
- the conveyance occurs *after* insurance of the mortgage.

Note: If the lender files a claim for mortgage insurance benefits, the claim must be accompanied by the lender's certification that the above listed requirements have been met.

1. When FHA Approval Is or Is Not Required for a Partial Release of Security, Continued

4155.2 11.1.c Government Actions for Which FHA Approval Is Not Required

FHA approval is *not* required when there is a release of a portion of security as a result of governmental action.

When the lender receives a request to join with the borrower in conveying a portion of the security for an insured mortgage to a governmental agency of use in connection with a road, highway or park project, or for other public purposes, the lender may consent to the release without the prior approval of FHA provided that

- the consideration is \$300 or less, all of which will be applied to reduce the outstanding balance of the insured mortgage, and
- the lender notifies the appropriate Home Ownership Center (HOC) of the release by letter within 30 days of the lender's signing of the release.

4155.2 11.1.d Requirements for Release Requests When FHA Approval Is Required

Per [24 CFR 203.343\[a\]](#), when FHA approval *is* required, the lender must send the request for approval of release in writing to the HOC with jurisdiction over the property.

The written request must contain the following information:

- whether or not the mortgage is in good standing
- the amount of the outstanding principal balance
- the due date of the last unpaid installment and, if the mortgage is delinquent, the number of delinquent payments
- a list of unpaid special assessments, if any, and the total amount payable
- a complete legal description of the property to be released
- the borrower's reasons for requesting that the lender make the release, including how the land to be released will be used
- the monetary consideration, if any, to be received by borrower
- the amount of a prepayment, if any, to the mortgage principal
- any restrictions to be imposed on the land to be released
- a survey or sketch of the property showing
 - dimensions of portion to be released
 - the location of existing and proposed improvements, and
 - the relation of the property to surrounding properties
- plans and specifications, including cost estimates of any alterations proposed for the remaining property after the release, and
- the case number of the mortgaged property.

MORTGAGE

THE MORTGAGE (Security Instrument) is given on _____, 20____. The Borrower is
 _____ whose address is
 _____ (Borrower).

This Security Instrument is given to _____, which is organized and
 existing under the laws of _____, and whose address is
 _____ (Lender). Borrower owes Lender the principal sum of _____
 Dollars (U.S. \$_____). This debt is evidenced by Borrower's note dated the same date as this
 Security Instrument (Note), which provides for monthly payments, with the full debt, if not paid earlier,
 due and payable on _____.

This Security Instrument secures to Lender: (a) the repayment of the debt evidenced by the Note, with
 interest, and all renewals, extensions and modifications of the Note; (b) the payment of all other sums,
 with interest, advanced under Paragraph 7 to protect the security of this Security Instrument; and (c) the
 performance of Borrower's covenants and agreements under this Security Instrument and the Note. For
 this purpose, Borrower does hereby mortgage, warrant, grant and convey to the Lender with power of sale
 the following described property located in _____ County, Michigan:
 which has the address of _____ [Street] _____ [City],
 _____ [State] _____ [Zip Code], (Property Address);

TOGETHER WITH all the improvements now or hereafter erected on the property, and all
 easements, appurtenances, and fixtures now or hereafter a part of the property. All replacements and
 additions shall also be covered by this Security Instrument. All of the foregoing is referred to in this
 Security Instrument as the "Property."

BORROWER COVENANTS that borrower is lawfully seized of the estate hereby conveyed and has
 the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for
 encumbrances of record. Borrower warrants and will defend generally the title to the Property against all
 claims and demands, subject to any encumbrances or record.

4155.2 12.A.1.a Model Mortgage Form Example (pg.2)

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variations by jurisdiction to constitute a uniform security instrument covering real property.

Borrower and Lender covenant agree as follows:

UNIFORM COVENANTS:

1. Payment of Principal, Interest and Late Charge

Borrower shall pay when due the principal of, and interest on, the debt evidenced by the Note and late charges due under the Note.

2. Monthly Payment of Taxes, Insurance, and Other Charges

Borrower shall include in each monthly payment, together with the principal and interest as set forth in the Note and any late charges, a sum for

(a) taxes and special assessments levied or to be levied against the Property,

(b) leasehold payments or ground rents on the Property, and

(c) premiums for insurance required under Paragraph 4. In any year in which the Lender must pay a mortgage insurance premium to the Secretary of Housing and Urban Development ("Secretary"), or in any year in which such premium would have been required if Lender still held the Security Instrument, each monthly payment shall also include either

(i) a sum for the annual mortgage insurance premium to be paid by Lender to the Secretary, or

(ii) a monthly charge instead of a mortgage insurance premium if this Security Instrument is held by the Secretary, in a reasonable amount to be determined by the Secretary. Except for the monthly charge by the Secretary, these items are called "Escrow Items" and the sums paid to Lender are called "Escrow Funds."

Lender may, at any time, collect and hold amounts for Escrow Items in an aggregate amount not to exceed the maximum amount that may be required for Borrower's escrow account under the Real Estate Settlement Procedures Act of 1974, 12 U.S.C. Sec. 2601 et seq. and implementing regulations, 24 CFR Part 3500, as they may be amended from time to time (RESPA), except that the cushion or reserve permitted by RESPA for unanticipated disbursements or disbursements before the Borrower's payments are available in the account may not be based on amounts due for the mortgage insurance premium.

If the amounts held by Lender for Escrow Items exceed the amounts permitted to be held by RESPA, Lender shall deal with the excess funds as required by RESPA. If the amounts of funds held by Lender at any time are not sufficient to pay the Escrow Items when due, Lender may notify the Borrower and require Borrower to make up the shortage as permitted by RESPA.

4155.2 12.A.1.a Model Mortgage Form Example (pg.3)

2. **Monthly Payment of Taxes, Insurance, and Other Charges** (continued)
The Escrow Funds are pledged as additional security for all sums secured by this Security Instrument. If Borrower tenders to Lender the full payment of all such sums, Borrowers account shall be credited with the balance remaining for all installment items (a), (b), and (c) and any mortgage insurance premium installment that Lender has not become obligated to pay to the Secretary, and Lender shall promptly refund any excess funds to Borrower. Immediately prior to a foreclosure sale of the Property or its acquisition by Lender, Borrower's account shall be credited with any balance remaining for all installments for items (a), (b), and (c).
3. **Application of Payments**
All payments under Paragraphs 1 and 2 shall be applied by Lender as follows:
 - First, to the mortgage insurance premium to be paid by Lender to the Secretary or to the monthly charge by the Secretary instead of the monthly mortgage insurance premium;
 - Second, to any taxes, special assessments, leasehold payments or ground rents, and fire, flood and other hazard insurance premiums, as required;
 - Third, to interest due under the Note;
 - Fourth, to amortization of the principal of the Note; and
 - Fifth, to late charges due under the Note.
4. **Fire, Flood, and Other Hazard Insurance**
Borrower shall insure all improvements on the Property, whether now in existence or subsequently erected, against any hazards, casualties, and contingencies, including fire, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. Borrower shall also insure all improvements on the Property, whether now in existence or subsequently erected, against loss by floods to the extent required by the Secretary. All insurance shall be carried with companies approved by Lender. The insurance policies and any renewals shall be held by Lender and shall include loss payable clauses in favor of, and in a form acceptable to, Lender.

In the event of loss, Borrower shall give Lender immediate notice by mail. Lender may make proof of loss if not made promptly by Borrower. Each insurance company concerned is hereby authorized and directed to make payment for such loss directly to Lender, instead of to Borrower and to Lender jointly. All or any part of the insurance proceeds may be applied by Lender, at its option, either
 - (a) to the reduction of the indebtedness under the Note and this Security Instrument, first to any delinquent amounts applied in the order in Paragraph 3, and then to prepayment of principal, or

 - (b) to the restoration or repair of the damaged Property. Any application of the proceeds to the principal shall not extend or postpone the due date of the monthly payments which are referred to in Paragraph 2, or change the amount of such payments. Any excess insurance proceeds over an amount required to pay all outstanding indebtedness under the Note and this Security Instrument shall be paid to the entity legally entitled thereto.

In the event of foreclosure of this Security Instrument or other transfer of title to the Property that distinguishes the indebtedness, all right, title and interest of Borrower in and to insurance policies in force shall pass to the purchaser.

5. **Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application; Leaseholds**
 Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument (or within sixty days of a later sale or transfer of the Property) and shall continue to occupy the Property as Borrowed principal residence for at least one year after the date of occupancy, unless Lender determines that requirement will cause undue hardship for Borrower, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall notify Lender of any extenuating circumstances. Borrower shall not commit waste or destroy, damage or substantially change the Property or allow the Property to deteriorate, reasonable wear and tear excepted. Lender may inspect the Property if the Property is vacant or abandoned or the loan is in default. Lender may take reasonable action to protect and preserve such vacant or abandoned property. Borrower shall also be in default if borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy of the Property as a principal residence. If this Security Instrument is on a leasehold, Borrower shall comply with the provisions of the lease. If Borrower acquires fee title to the Property, the leasehold and fee title shall not be merged unless Lender agrees to the merger in writing.
6. **Condemnation**
 The proceeds of any award or claim for damages, direct or consequential, in connection with any condemnation or other taking of any part of the Property, or for conveyance in place of condemnation, are hereby assigned and shall be paid to Lender to the extent of the full amount of the indebtedness that remains unpaid under the Note and this Security Instrument. Lender shall apply such proceeds to the reduction of the Indebtedness under the Note and this Security Instrument, first to any delinquent amounts applied in the order provided in Paragraph 3, and then to prepayment of principal. Any application of the proceeds to the principal shall not extend or postpone the due date of the monthly payments, which are referred to in Paragraph 2, or change the amount of such payments. Any excess proceeds over an amount required to pay all outstanding indebtedness under the Note and this Security Instrument shall be paid to the entity legally entitled thereto.

7. **Charges to Borrower and Protection of Lender's Rights in the Property**

Borrower shall pay all governmental or municipal charges, fines and impositions that are not included in Paragraph 2. Borrower shall pay these obligations on time directly to the entity which is owed the payment. If failure to pay would adversely affect Lender's interest in the Property, upon Lender's request Borrower shall promptly furnish to Lender receipts evidencing these payments.

If Borrower fails to make these payments or the payments required by Paragraph 2, or fails to perform any other covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, for condemnation or to enforce laws or regulations), then Lender may do and pay whatever is necessary to protect the value of the Property and Lender's rights in the Property, including payment of taxes, hazard insurance and other items mentioned in Paragraph 2.

Any amounts disbursed by Lender under this Paragraph shall become an additional debt of Borrower and be secured by this Security Instrument. These amounts shall bear Interest from the date of disbursement at the Note rate, and at the option of Lender shall be immediately due and payable.

Borrower shall promptly discharge any lien which has priority over this Security Instrument unless Borrower:

- (a) agrees in writing to the payment of the obligation secured by the lien in a manner acceptable to Lender;
- (b) contests in good faith the lien by, or defends against enforcement of the lien in, legal proceedings which in the Lenders opinion operate to prevent the enforcement of the lien; or
- (c) secures from the holder of the lien an agreement satisfactory to Lender subordinating the lien to this Security Instrument. If Lender determines that any part of the Property is subject to a lien which may attain priority over this Security Instrument, Lender may give Borrower a notice identifying the lien. Borrower shall satisfy the lien or take one or more of the actions set forth above within 10 days of the giving of notice.

8. **Fees**

Lender may collect fees and charges authorized by the Secretary.

9. **Grounds for Acceleration of Debt**

- (a) **Default.** Lender may, except as limited by regulations issued by the Secretary in the case of payment defaults, require immediate payment in full of all sums secured by this Security Instrument if:
 - (i) Borrower defaults by failing to pay in full any monthly payment required by this Security Instrument prior to or on the due date of the next monthly payment, or
 - (ii) Borrower defaults by failing, for a period of thirty days, to perform any other obligations contained in this Security Instrument.

4155.2 12.A.1.a Model Mortgage Form Example (pg.6)

9. **Grounds for Acceleration of Debt** (continued)
- (b) **Sale Without Credit Approval.** Lender shall, if permitted by applicable law (including Section 341(d) of the Garn-St Germain Depository Institutions Act of 1982, 12 U.S.C 1701j-3(d)) and with the prior approval of the Secretary, require immediate payment in full of all sums secured by this Security Instrument if:
- (i) All or part of the Property, or a beneficial interest in a trust owning all or part of the Property, is sold or otherwise transferred (other than by devise or descent), and
 - (ii) The Property is not occupied by the purchaser or grantee as his or her principal residence, or the purchaser or grantee does so occupy the Property, but his or her credit has not been approved in accordance with the requirements of the Secretary.
- (c) **No Waiver.** If circumstances occur that would permit Lender to require immediate payment in full, but Lender does not require such payments, Lender does not waive its rights with respect to subsequent events.
- (d) **Regulations of HUD Secretary.** In many circumstances regulations issued by the Secretary will limit Lender rights, in the case of payment defaults, to require immediate payment in full and foreclose if not paid. This Security Instrument does not authorize acceleration or foreclosure if not permitted by regulations of the Secretary.
- (e) **Mortgage Not Insured [OPTIONAL].** Borrower agrees that if this Security Instrument and the Note are not determined to be eligible for insurance under the National Housing Act within _____ from the date hereof, Lender may, at its option require immediate payment in full of all sums secured by this Security Instrument. A written statement of any authorized agent of the Secretary dated subsequent to from the date hereof, declining to insure this Security Instrument and the Note, shall be deemed conclusive proof of such ineligibility. Notwithstanding the foregoing, this option may not be exercised by Lender when the unavailability of insurance is solely due to Lender's failure to remit a mortgage insurance premium to the Secretary.

Note: Lenders are authorized, but not required, to add Paragraph 9(e). Any period may be inserted in the two blanks, expressed either in number of days or months, which is not shorter than sixty days and not longer than eight months.

10. **Reinstatement**

Borrower has a right to be reinstated if Lender has required immediate payment in full because of Borrower's failure to pay an amount due under the Note or this Security Instrument. This right applies even after foreclosure proceedings are instituted. To reinstate the Security Instrument, Borrower shall tender in a lump sum all amounts required to bring Borrowed account current including, to the extent they are obligations of Borrower under this Security Instrument, foreclosure costs and reasonable and customary attorney's fees and expenses properly associated with the foreclosure proceeding. Upon reinstatement by Borrower, this Security Instrument and the obligations that it secures shall remain in effect as if Lender had not required immediate payment in full. However, Lender is not required to permit reinstatement if:

- (i) Lender has accepted reinstatement after the commencement of foreclosure proceedings within two years immediately preceding the commencement of a current foreclosure proceeding,
- (ii) reinstatement will preclude foreclosure on different grounds in the future, or
- (iii) restatement will adversely affect the priority of the lien created by this Security Instrument.

11. **Borrower Not Released: Forbearance by Lender Not a Waiver**

Extension of the time of payment or modification of amortization of the sums secured by this Security Instrument granted by Lender to any successor in interest of Borrower shall not operate to release the liability of the original Borrower or Borrower's successor in interest. Lender shall not be required to commence proceedings against any successor in interest or refuse to extend time for payment or otherwise modify amortization of the sums secured by this Security Instrument by reason of any demand made by the original Borrower or Borrower's successors in interest. Any forbearance by Lender in exercising any right or remedy shall not be a waiver of or preclude the exercise of any right or remedy.

12. **Successors and Assigns Bound; Joint and Several Liability; Co-Signers**

The covenants and agreements of this Security Instrument shall bind and benefit the successors and assigns of Lender and Borrower, subject to the provisions of Paragraph 9(b). Borrowers covenants and agreements shall be joint and several. Any Borrower who co-signs this Security Instrument but does not execute the Note:

- (a) is co-signing this Security Instrument only to mortgage, grant and convey that Borrower's interest in the Property under the terms of this Security Instrument;
- (b) is not personally obligated to pay the sums secured by this Security Instrument; and
- (c) agrees that Lender and any other Borrower may agree to extend, modify, forbear or make any accommodations with regard to the term of this Security Instrument or the Note without that Borrower's consent.

13. Notices

Any notice to Borrower provided for in this Security Instrument shall be given by delivering it or by mailing it by first class mail unless applicable law requires use of another method. The notice shall be directed to the Property Address or any other address Borrower designates by notice to Lender. Any notice to Lender shall be given by first class mail to Lender's address stated herein or any address Lender designates by notice to Borrower. Any notice provided for in this Security Instrument shall be deemed to have been given to Borrower or Lender when given as provided in this paragraph.

14. Governing Law; Severability

This Security Instrument shall be governed by Federal law and the law of the jurisdiction in which the Property is located. In the event that any provision or clause of this Security Instrument or the Note conflicts with applicable law, such conflict shall not affect other provisions of this Security Instrument or the Note which can be given effect without the conflicting provision. To this end, the provisions of this Security Instrument and the Note are declared to be severable.

15. Borrower's Copy

Borrower shall be given one conformed copy of the Note and of this Security Instrument.

16. Hazardous Substances

Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property.

Borrower shall promptly give Lender written notice of any Investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or other remediation of any Hazardous Substances affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.

As used in this paragraph 16, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and radioactive materials. As used in the paragraph 16, "Environmental law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

NON-UNIFORM COVENANTS. Borrower and Lender further covenant and agree as follows:

17. Assignment of Rents

Use the following language unless prohibited by state law:

Borrower unconditionally assigns and transfers to Lender all the rents and revenues of the Property. Borrower authorizes Lender or Lender agents to collect the rents and revenues and hereby directs each tenant of the Property to pay the rents to Lender or Lender agents. However, prior to Lender notice to Borrower of Borrower's breach of any covenant or agreement in the Security Instrument, Borrower shall collect and receive all rents and revenues of the Property as trustee for the benefit of Lender and Borrower. This assignment of rents constitutes an absolute assignment and not an assignment for additional security only.

If Lender gives notice of breach to Borrower:

- (a) all rents received by Borrower shall be held by Borrower as trustee for benefit of Lender only, to be applied to the sums secured by the Security Instrument;
- (b) Lender shall be entitled to collect and receive all of the rents of the Property, and
- (c) each tenant of the Property shall pay all rents due and unpaid to Lender or Lender agent on Lender's written demand to the tenant.

Borrower has not executed any prior assignment of the rents and has not and will not perform any act that would prevent Lender from exercising its rights under this Paragraph 17.

Lender shall not be required to enter upon, take control of or maintain the Property before or after giving notice of breach to Borrower. However, Lender or a judicially appointed receiver may do so at any time there is a breach. Any application of rents shall not cure or waive any default or invalidate any other right or remedy of Lender. This assignment of rents of the Property shall terminate when the debt secured by the Security Instrument is paid in full.

Note: If changes are necessary to create an assignment of rents enforceable under state law, the lender should make necessary changes but the revised paragraph should grant the lender the maximum interest in rents permitted by law.

18. Foreclosure Procedure

For illustration only. The text needs state adaptation, as provided in 4155.2 6.B.2.d.

If Lender requires immediate payment in full under Paragraph 9, Lender may invoke the power of sale and any other remedies permitted by applicable law. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this Paragraph 18, including, but not limited to, reasonable attorney's fees and costs of title evidence.

Continued on next page

1. Exhibit 1: Model Mortgage Form, Continued

4155.2 12.A.1.a Model Mortgage Form Example (pg.10)

18. Foreclosure Procedure (continued)

If Lender invokes the power of sale, Lender shall give notice of sale to Borrower in the manner provided in Paragraph 13. Lender shall publish and post the notice of sale, and the Property shall be sold in the manner prescribed by applicable law. Lender or its designee may purchase the Property at any sale. The proceeds of the sale shall be applied in the following order:

- (a) to all expenses of the sale, including, but not limited to, reasonable attorney's fees;
- (b) to all sums secured by this Security Instrument; and
- (c) any excess to the person or persons legally entitled to it.

The following language is mandatory in all cases:

If the Lender's interest in this Security Instrument is held by the Secretary and the Secretary requires immediate payment in full under Paragraph 9, the Secretary may invoke the nonjudicial power of sale provided in the Single Family Mortgage Foreclosure Act of 1994 ("Act") (12 U.S.C 3751 et seq.) by requesting a foreclosure commissioner designated under the Act to commence foreclosure and to sell the Property as provided in the Act. Nothing in the preceding sentence shall deprive the Secretary of any rights otherwise available to a Lender under this Paragraph 18 or applicable law.

State Specific Paragraphs

Add any state-specific paragraphs in accordance with instructions for completing the *Model Mortgage Form*, and the current edition of HUD 4155.2.

Number the following as the final paragraph or leave unnumbered but place after numbered paragraphs.

**4155.2 12.A.2.c
Uniform
Covenants**

Designate the paragraphs preceding Paragraph 17, “Assignment of Rents” as *Uniform Covenants*.

Use the text as presented in the *Model Mortgage Form* without any change. Do *not* substitute FNMA/FHLMC language. If a change to the text is needed to meet the requirements of state or local law, or practice, obtain written approval from HUD before making the change.

**4155.2 12.A.2.d
Non-Uniform
Covenants**

Designate the paragraphs beginning with Paragraph 17, “Assignment of Rents” as *Non-Uniform Covenants*.

2. Instructions for Completing the Model Mortgage Form, Continued

**4155.2 12.A.2.e
Paragraph 18
Instructions**

Adapt FNMA/FHLMC Paragraph 18, “Foreclosure Procedures” in the jurisdiction, to reflect HUD policy. The *Model Mortgage Form* contains adapted language for Michigan.

Following the phrase *If Lender requires immediate payment in full under Paragraph 9*, use the current approved FNMA/FHLMC foreclosure procedures, including language regarding payment of costs, such as attorney’s fees, as a guide and adapt as necessary.

Omit language regarding notice and acceleration. For Maine and New York, use foreclosure language based on these instructions, and other FNMA/FHLMC forms that are not “plain English”, provided that the language authorizes foreclosure in conformance with applicable law.

The mortgage must include the lender’s right to a public sale of property, including a power of sale, if legally permissible under the law of the jurisdiction in which the property is located, even if mortgages are usually foreclosed through a judicial proceeding.

All rights to a deficiency must be preserved to the extent legally permissible, except as provided in special instructions for Iowa, North Dakota, or Wisconsin.

New language is required at the end of Paragraph 18 regarding the new Single Family Mortgage Foreclosure Act, which provides an alternative foreclosure procedure under Federal law.

Continued on next page

2. Instructions for Completing the Model Mortgage Form, Continued

4155.2 12.A.2.f Additional Paragraphs Instructions

Paragraphs following Paragraph 18 should contain provisions required to adapt the mortgage to the laws and practices of the particular jurisdiction in which the property is located.

The text of these paragraphs should be the same as the FNMA/FHLMC non-uniform covenants for the jurisdiction in which the property is located. Changes to the FNMA/FHLMC paragraphs, and additional material, may be included if needed, to conform to requirements of state law or practice.

Use the language in the paragraph titled “Riders to this Security Instrument” as shown in the *Model Mortgage Form*, not as shown in the FNMA/FHLMC forms.

Any special language or notices required by applicable law should follow the non-uniform covenants, using the FNMA/FHLMC form for the jurisdiction as a guide.

4155.2 12.A.2.g Signatures

For signatures and other authorizations, use the FNMA/FHLMC format at the end of the mortgage, with the following exceptions:

- Witness lines may be omitted if state and local law do not require witnesses for mortgages.
 - HUD does not require the Borrower’s social security number to appear on the mortgage.

Form

Include any required or customary form or authentication.

The model form is a multistate form which must be adapted for some jurisdictions to reflect the laws and practices of the particular jurisdiction in which the Property is located. The form should not be adapted for jurisdictions in which the multistate version of the FNMA/FHLMC note is used. For other jurisdictions, adaptations should generally follow the corresponding provisions in the FNMA/FHMLC note form approved for use in the jurisdiction, with any additional adaptations that may be necessary to conform to requirements of law and practices in the jurisdiction. For Puerto Rico, see the special instructions in [HUD 4155.2 6.B.5](#).

Change Date May 10, 2009

4155.2 12.A.8.a The following is an example of the *Condominium Rider*.
Condominium
Rider Example
(Pg. 1)

THIS CONDOMINIUM RIDER is made this _____ day of _____, 20__, and is incorporated into and shall be deemed to amend and supplement the Mortgage, Deed of Trust or Security Deed {Security Instrument} of the same date given by the undersigned (Borrower) to secure Borrower's Note (Note) to _____ (Lender) of the same date and covering the Property described in the Security Instrument and located at:

[Property Address]

The Property includes a unit in, together with an undivided interest in the common elements of, a condominium project known as:

[Name of Condominium Project]

(Condominium Project). If the owners association or other entity which acts for the Condominium Project (Owners Association) holds title to property for the benefit or use of its members or shareholders, the Property also includes Borrower's interest in the Owners Association and the uses, proceeds and benefits of Borrower's interest.

CONDOMINIUM COVENANTS. In addition to the covenants and agreements made in the Security Instrument, Borrower and Lender further covenant and agree as follows:

- A. So long as the Owners Association maintains, with a generally accepted insurance carrier, a "master" or "blanket" policy insuring all property subject to the condominium documents, including all improvements now existing or hereafter erected on the Property, and such policy is satisfactory to Lender and provides insurance coverage in the amounts, for the periods, and against the hazards lender requires, including fire and other hazards included within the term "extended coverage," and loss by flood, to the extent required by the Secretary, then:
- (i) Lender waives the provision in Paragraph 2 of this Security Instrument for the monthly payment to Lender of one-twelfth of the yearly premium installments for hazard insurance on the Property, and

CONDOMINIUM COVENANTS (A) (continued)

- (ii) Borrower's obligation under Paragraph 4 of this Security Instrument to maintain hazard insurance coverage on the Property is deemed satisfied to the extent that the required coverage is provided by the Owners Association policy. Borrower shall give Lender prompt notice of any lapse in required hazard insurance coverage and of any loss occurring from a hazard. In the event of a distribution of hazard insurance proceeds in lieu of restoration or repair following a loss to the Property, whether to the condominium unit or to the common elements, any proceeds payable to Borrower are hereby assigned and shall be paid to Lender for application to the sums secured by this Security Instrument, with any excess paid to the entity legally entitled thereto.
- B. Borrower promises to pay all dues and assessments imposed pursuant to the legal instruments creating and governing the Condominium Project.
- C. If Borrower does not pay condominium dues and assessments when due, then Lender may pay them. Any amounts disbursed by Lender under this paragraph C shall become additional debt of Borrower secured by the Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

Loan Rider
Example (Pg. 1)

THIS REHABILITATION LOAN RIDER is made this _____ day of _____, 20__, and is incorporated into and shall be deemed to amend and supplement the Mortgage, Deed of Trust or Security Deed (Security Instrument) of the same date given by the undersigned (Borrower) to secure Borrower's Note (Note) to _____ (Lender) of the same date and covering the property described in the Security Instrument and located at:

[Property Address]

ADDITIONAL COVENANTS. In addition to the covenants and agreements in the Security Instrument, Borrower and Lender further covenant and agree as follows:

- A. Loan proceeds are to be advanced for the premises in accordance with the Rehabilitation Loan Agreement dated _____, 20__, between Borrower and Lender. This agreement is incorporated by reference and made a part of this Security Instrument. No advances shall be made unless approved by the Secretary of Housing and Urban Development or a Direct Endorsement Underwriter.
- B. If the rehabilitation is not properly completed, performed with reasonable diligence, or is discontinued at any time except for strikes or lockouts, the Lender is vested with full authority to take the necessary steps to protect the rehabilitation improvements and property from harm, continue existing contracts or enter into necessary contracts to complete the rehabilitation. All sums expended for such protection, exclusive of the advances of the principal indebtedness, shall be added to the principal indebtedness, and secured by the Security Instrument and be due and payable on demand with interest as set out in the Note.
- C. If Borrower fails to perform any obligation under the loan, including the commencement, progress and completion provisions of the Rehabilitation Loan Agreement, and such failure continues for a period of 30 days, the loan shall, at the option of Lender, be in default.
- D. The Property covered by this Security Instrument shall include all of Borrower's interest in funds held by Lender in escrow under the Rehabilitation Loan Agreement.

The Property Address is a part of a planned unit development (PUD) known as

[Name of Planned Unit Development]

PUD COVENANTS. In addition to the covenants and agreements made in the Security Instrument, Borrower and Lender further covenant and agree as follows:

- A. So long as the Owners Association (or equivalent entity holding title to common areas and facilities), acting as trustee for the homeowners, maintains, with a generally accepted insurance carrier, a "master" or "blanket" policy insuring the property located in the PUD, including all improvements now existing or hereafter erected on the mortgaged premises, and such policy is satisfactory to Lender and provides insurance coverage in the amounts, for the periods, and against the hazards Lender requires, including fire and other hazards included within the term "extended coverage," and loss by flood, to the extent required by the Secretary, then:
- (i) Lender waives the provision in Paragraph 2 of this Security Instrument for the monthly payment to Lender of one-twelfth of the yearly premium installments for hazard insurance on the Property, and
 - (ii) Borrower's obligation under Paragraph 4 of this Security Instrument to maintain hazard insurance coverage on the Property is deemed satisfied to the extent that the required coverage is provided by the Owners Association policy.

Borrower shall give Lender prompt notice of any lapse in required hazard insurance coverage and of any loss occurring from a hazard. In the event of a distribution of hazard insurance proceeds in lieu of restoration or repair following a loss to the Property or to common areas and facilities of the PUD, any proceeds payable to Borrower are hereby assigned and shall be paid to Lender for application to the sums secured by this Security Instrument, with any excess paid to the entity legally entitled thereto:

ADDITIONAL COVENANTS. In addition to the covenants and agreements made in the Security Instrument, Borrower and under further covenant and agree as follows:

- A. The interests of the Borrower in the property described above were created by a lease agreement from _____ as lessor dated _____, 20__. Any reference to the "Property" shall be construed as referring only to the interest of Borrower created by such lease or any replacement lease.
- B. If the Security Instrument is assigned to the Secretary of Housing and Urban Development (Secretary), any foreclosure proceeding may take place in a tribal court, Federal district court, or other court of competent jurisdiction. Section 248(f)(5) of the National Housing Act grants to any such court the jurisdiction to convey to the Secretary the remaining life of a lease on the property and to order eviction of the delinquent Borrower.
- C. Any purchaser at foreclosure sale other than the Secretary must receive the written consent of the lessor or, if lessor is not an Indian tribe, the tribe of which lessor is a member. The purchaser shall receive a lease for the remaining term of the existing lease unless the tribe consents to an assumption of the existing lease.
- D. This Security Instrument may be assumed, subject to credit approval by the Lender and the consent of the tribe to an assumption of the existing lease or the grant of the new lease. Assumption shall not cause any adjustment of the interest rate.

IT IS HEREBY agreed that the lease to which this rider is attached is hereby amended and supplemented as follows:

Notwithstanding any provisions to the contrary, this lease may serve as security for any leasehold mortgage insured or held by the Secretary of the Department of Housing and Urban Development, and the following shall apply during such time as the lease serves as such security:

- (1) Any condemnation compensation due the Lessee shall be paid to the mortgagee to be applied in the same manner as condemnation proceeds under the terms of the mortgage.
- (2) Assignment of this lease is restricted to those persons who have received certificates issued by the Department of Hawaiian Home Lands certifying that the assignee or assignees are native Hawaiians as defined in Section 247 of the National Housing Act.
- (3) The Lessor will not cancel this lease without the consent of the Department of Housing and Urban Development.
- (4) Any casualty insurance proceeds are to be applied in accordance with the provisions of the leasehold mortgage.

IN WITNESS WHEREOF, the parties have executed this rider to acknowledge the attachment hereof to said lease and the annotation of said lease with the following statement:

Additional provisions pertaining to the lease when the lease serves as security for a mortgage insured or held by the Secretary of Housing and Urban Development are contained in the Department of Hawaiian Home Lands Mortgage Insurance Program Rider, which is attached to this lease and made a part thereof.

ADDITIONAL COVENANTS. In addition to the covenants and agreements made in the Security Instrument, Borrower and Lender further covenant and agree as follows:

Borrower shall include in each monthly payment, together with items described in Paragraph 2 of the Security Instrument, an amount to be held by Lender to assure proper servicing, maintenance, repair and replacement of individual residential water purification equipment for the Property. Each monthly amount shall equal \$_____, unless and until the amount is adjusted by Lender as provided herein.

At least annually, Lender shall determine whether any adjustment is necessary to ensure that sufficient funds will be accumulated to make anticipated disbursements in a timely manner, and inform Borrower of any adjustment. This determination shall be performed without regard to other items for which Lender maintains an escrow account such as taxes and hazard insurance premiums.

Lender shall accumulate the amounts received from the Borrower to be held in trust until disbursements are required as follows:

1. Disbursements from the account are limited strictly to costs associated with the normal servicing, maintenance, repair and replacement of the water purification equipment.
2. Disbursements shall be made solely to [maintenance organization named in service contract] or its successor, [agent approved by local health authority to perform testing or other services on its behalf], [other payees named in Plan.]

ADDITIONAL COVENANTS (continued)

The "Permanent Phase" is the period beginning on the first day of the month following the Completion Date specified in the Construction Loan Agreement. On the first day of the month following the Completion Date (Permanent Mortgage Date), the Loan will be a permanent mortgage loan. The Permanent Mortgage Date for my Loan is ____, ____. My first payment of principal and interest during the Permanent Phase will be due on the first day of the second month following the Completion Date which is ____, ____, as stated in Section 3(A) of the Note.

2. INTEREST AND PAYMENTS

(A) Construction Phase Interest Rate

During the Construction Phase of the Loan, I will pay interest only on the amount of the Loan proceeds Lender disburses under the Construction Loan Agreement (each, an Advance). I will pay interest at the rate:

Check applicable box:

- ☐ Stated in Section 2 of the Note (Note Rate)
☐ At ____% per annum

(B) Permanent Phase Rate

During the Permanent Phase, I will pay interest (Permanent Phase Rate) at the rate stated in Section 2 of the Note (Note Rate).

(C) Interest Only Payments

Interest on Advances shall be calculated from the date each Advance is made. My Construction Phase interest payments will be:

Check applicable box:

- ☐ Due and payable fifteen (15) days after being billed by Note Holder, or
☐ Paid directly from the "Interest Reserve Account" established at the time of closing in the amount reflected in Schedule of Advances, attached as Exhibit "B" to the Construction Loan Agreement.

(D) Interest Reserve Payments

If I choose to establish an Interest Reserve Account, (1) Construction Phase interest will be advanced by Note Holder from the Interest Reserve Account on the first day of the month following the month in which the interest is billed, (2) Construction Phase interest advanced will be added to Principal and (3) I:

Note Holder shall pay no interest on the Interest Reserve Account.

(E) Principal Prepayments; Permanent Phase Interest and Principal Payments

Any portion of a payment Note Holder receives in excess of the interest due during the Construction Phase or any funds Note Holder does not advance under the Construction Loan Agreement may, at Note Holder's option, be used to pay costs associated with the Construction Phase or may be credited as a partial prepayment of the Principal amount of the Loan. The partial prepayment will reduce the

- ☐ amount of
☐ number of my monthly payments.

Beginning on the Permanent Mortgage Date, principal and interest will be due and payable as set forth in the Note.

3. NOTICE OF NO ORAL AGREEMENT.

THE NOTE, THIS ADDENDUM, THE CONSTRUCTION LOAN AGREEMENT, AND THE SECURITY INSTRUMENT, AS AMENDED, REPRESENT THE FINAL AGREEMENT BETWEEN THE PARTIES AND TO THE EXTENT PERMITTED BY LAW, MAY NOT BE CONTRADICTED BY EVIDENCE OF PRIOR, CONTEMPORANEOUS, OR SUBSEQUENT ORAL AGREEMENT OF THE PARTIES. Instructions

Accordingly, the office noted above is approved to submit mortgages in the DE Program on the pre-closing review status to this Home Ownership Center (HOC) Office. During the pre-closing review period, we will perform a complete technical review of each submission. If found to be eligible, a firm commitment will be issued. This pre-closing review will include at least 15 submissions. Should these 15 submissions fail to demonstrate acceptable underwriting, the pre-closing review status will be extended. We will notify you when the pre-closing review period has been successfully completed.

The FHA's receipt and review of the Quality Control Plan are solely for the purposes of determining whether the plan addresses the DE Program requirements. The FHA's review was not for the purpose of approving the adequacy of any other provisions. Please be advised that participation in the DE Program is a privilege accorded only to those mortgage lenders who have demonstrated the ability to originate mortgage loans in accordance with FHA underwriting policy. Accordingly, should the mortgage loans submitted for DE indicate unsatisfactory underwriting, the privilege will be reduced or withdrawn.

The purpose of this letter is to inform you that the above noted mortgage lender office has been placed in probation status in the Department's Direct Endorsement (DE) Program.

As a result of the failure to underwrite mortgage loans in accordance with FHA underwriting policy, the probationary actions described below are being imposed against the office of your company noted above. The probationary action is effective as of your receipt of this letter. This action is taken pursuant to Title 24, Part 200.164(h) of the Code of Federal Regulations, as detailed in HUD 4155.2. *Single Family Handbook*.

[Provide the grounds for actions, including case numbers and deficiencies.]

[If probation involves the pre-closing review of cases, the letter must provide for DE cases in process.]

This action does not affect your eligibility to submit applications for commitments to insure mortgages.

Subject: Placement into Pre-Closing Status
 [Lender ID Number]

Dear:

This is to advise you that effective thirty (30) days after the date of this letter, your company is being placed in pre-closing review status under the Department's Direct Endorsement Program.

As a result of your company's failure to underwrite FHA-insured mortgage loans in accordance with HUD underwriting policies, we are suspending your authority to underwrite loans on an unconditional Direct Endorsement basis. This action is being taken pursuant to Title 24, Part 200.164(h) of the Code of Federal Regulations and as detailed in HUD 4155.2 9.D.3.

The basis for this action are as follows:

1. Our internal post-endorsement technical review system indicates that between _____ and _____ FHA-insured loans originated by your organization were reviewed. Of that total, __ received ratings of Fair and __ received ratings of Poor for the Mortgage Credit underwriting, and __ received ratings of Fair and __ received ratings of Poor for the Valuation underwriting.
-

2. The percentage of loans with a default reported during the first twenty-four months for FHA-insured loans originated by your organization, exceed comparable rates for the nation as a whole, the Philadelphia Homeownership Center jurisdiction, and those for the offices and states in which you do the majority of your business, as evidenced by the following:

**LOANS WITH A BEGINNING AMORTIZATION DATE
BETWEEN _____ AND _____**

Area	Area Default/ Claim Rate	Mortgage Lender Default/Claim Rate
United States	_____	_____
HOC	_____	_____
_____ Office	_____	_____

Effective thirty (30) days after the date of this letter, your organization will be returned to pre-closing review status for the Direct Endorsement program. As a result, applications for HUD/FHA mortgage insurance which have not been underwritten and finally approved by your organization on or after this date are subject to technical underwriting review and firm commitment processing by this office prior to closing and endorsement.

Submissions should be placed in yellow case binders (provided under separate cover), and mailed to the following address:

U.S. Department of Housing and Urban Development
 _____ Home Ownership Center
 ATTN: Insuring and Underwriting Branch

Please mark both the envelope and the yellow case binder itself with the words "TEST CASE" in large block letters, to ensure expeditious handling in our office. While we attempt to process all pre-closing review cases within three working days after receipt, workload volume may cause delays. You should allow at least seven workdays from your mailing date for our response.

You are encouraged to use the next thirty days to enter into FHA Connection closing information for any loans already underwritten and closed. Following the effective date of your return to pre-closing status, you will be unable to enter closing information into FHA Connection. Closing information must be entered directly by HUD, and cases will then be processed for endorsement. In order to avoid incorrect routing in our offices, please place these cases in the yellow case binders as well, label them in large block letters "TEST CASE - FOR ENDORSEMENT ONLY," and forward them to the address noted above.

The term of your probation will continue until your organization demonstrates satisfactory performance. If you have any questions concerning this matter, you may contact _____, Chief, Insuring and Underwriting Branch, at _____, extension _____.
